Fear Itself Christopher D. Bader, Joseph O. Baker, L. Edward Day, Ann Gordon, 2020-03-03 An antidote to the culture of fear that dominates modern life From moral panics about immigration and gun control to anxiety about terrorism and natural disasters Americans live in a culture of fear While fear is typically discussed in emotional or poetic terms as the opposite of courage or as an obstacle to be overcome it nevertheless has very real consequences in everyday life Persistent fear negatively effects individuals decision making abilities and causes anxiety depression and poor physical health Further fear harms communities and society by corroding social trust and civic engagement Yet politicians often effectively leverage fears to garner votes and companies routinely market unnecessary products that promise protection from imagined or exaggerated harms Drawing on five years of data from the Chapman Survey of American Fears which canvasses a random national sample of adults about a broad range of fears Fear Itself offers new insights into what people are afraid of and how fear affects their lives The authors also draw on participant observation with Domsday preppers and conspiracy theorists to provide fascinating narratives about subcultures of fear Fear Itself is a novel wide ranging study of the social consequences of fear ultimately suggesting that there is good reason to be afraid of fear itself

Technology, Activism, and Social Justice in a Digital Age John G. McNutt, 2018-07-27 Technology Activism and Social Justice in a Digital Age offers a close look at both the present nature and future prospects for social change In particular the text explores the cutting edge of technology and social change while discussing developments in social media civic technology and leaderless organizations as well as more traditional approaches to social change It effectively assembles a rich variety of perspectives to the issue of technology and social change the featured authors are academics and practitioners representing both new voices and experienced researchers who share a common devotion to a future that is just fair and supportive of human potential They come from the fields of social work public administration journalism law philanthropy urban affairs planning and education and their work builds upon 30 plus years of research The authors efforts to examine changing nature of social change organizations and the issues they face will help readers reflect upon modern advocacy social change and the potential to utilize technology in making a difference
