

THE 50 COMPANIES WITH THE BEST CUSTOMER SERVICE

METHODOLOGY

Qualtrics XOM's Customer Service Index (CSI) is a comprehensive, data-driven metric that evaluates a company's customer service performance. The CSI is calculated based on a series of surveys that ask customers to rate their satisfaction with various aspects of their service experience, including the quality of customer service, the ease of doing business, and the overall customer experience. The CSI is then calculated as the average of these ratings, weighted by the number of responses for each company. The CSI is a powerful tool for companies to benchmark their customer service performance against their competitors and to identify areas for improvement. The CSI is also a valuable resource for consumers, as it provides a clear and concise way to compare the customer service performance of different companies. The CSI is updated annually, and the results are published in the Qualtrics XOM Customer Service Index report.
