Choosing College Michael B. Horn,Bob Moesta,2019-08-20 Cut through the noise and make better college and career choices This book is about addressing the college choosing problem The rankings metrics analytics college visits and advice that we use today to help us make these decisions are out of step with the progress individual students are trying to make They don t give students and families the information and context they need to make such a high stakes decision about whether and where to get an education Choosing College strips away the noise to help you understand why you re going to school What s driving you What are you trying to accomplish Once you know why the book will help you make better choices The research in this book illustrates that choosing a school is complicated By constructing more than 200 mini documentaries of how students chose different postsecondary educational experiences the authors explore the motivations for how and why people make the decisions that they do at a much deeper causal level By the end you ll know why you re going and what you re really chasing The book Identifies the five different Jobs for which students hire postsecondary education Allows you to see your true options for what s next Offers guidance for how to successfully choose your pathway Illuminates how colleges and entrepreneurs can build better experiences for each Job The authors help readers understand not what job students want out of college but what Job students are hiring college to do for them

Working Mother ,1995-04 The magazine that helps career moms balance their personal and professional lives

Developing Industrial Case-Based Reasoning Applications Ralph Bergmann,Klaus-Dieter Althoff,Sean Breen,Mehmet Göker,Michel Manago,Ralph Traphöner,Stefan Wess,2003-12-22 In just few years case based reasoning has evolved from a research topic studied at a small number of specialized academic labs into an industrial strength technology applied in various fields The INRECA methodology presented in detail in this monograph provides a data analysis framework for developing case based reasoning solutions for

successful applications in real world industrial contexts The book is divided into parts on smarter business with case based decision support developing case based applications using the INRECA methodology and using the methodology in various application domains The book provides a self contained introduction to case based reasoning applications that address both R and of course the references have been extended substantially
