Leverage One Idea Into A Fortune: The Focused Entrepreneur Growth Model Sybex Books, 2025-06-23. You don't need ten offers to succeed. You need one that works and the system to scale it. *Leverage One Idea Into A Fortune* is the focused entrepreneur's guide to going deep, not wide. In a world obsessed with doing more, this book shows you the power of doing one thing better, sharper, and more consistently than anyone else in your space. Start with your strongest idea, the one that solves a real problem, gets real results, and feels aligned with your values. Then refine the delivery, automate the back end, build repeatable sales systems, and expand without diluting your message. Avoid the trap of constant reinvention. Skip the burnout of idea chasing. Create a brand around one clear promise. Build credibility through repetition. Scale reach with systems. The fortune is in focus. This book hands you the tools, mindset, and frameworks to stay committed long enough for that focus to compound. Because real growth isn't scattered, it's stacked. You don't need more creativity. You need more consistency around what already works. This is how one idea becomes your legacy.

Turn A Simple Idea Into Millions: Create Leverage Through Smart Product Delivery Simon Schroth, 2025-04-23. A simple idea can lead to massive wealth if executed properly. *Turn A Simple Idea Into Millions* teaches you how to transform an idea into a profitable product that leverages time and resources to generate significant revenue. This book walks you through how to validate your idea, create a product that people want, and deliver it in a way that maximizes profits. You'll learn how to streamline the product development process, design an effective delivery system, and scale your business to serve a larger audience. The book also explores how to create passive income through productized services and digital products, and how to use smart marketing techniques to drive long-term growth. If you want to turn a simple idea into millions, *Turn A Simple Idea Into Millions* provides the blueprint for leveraging your product delivery to achieve massive success.

Innovation Policy and the Economy 2015 William R. Kerr, Josh Lerner, Scott Stern, 2016-04-22. The papers in the sixteenth volume of the National Bureau of Economic Research's *Innovation Policy and the Economy* offer insights into the changing landscape of innovation by highlighting recent developments in the financing of innovation and entrepreneurship, and in the economics of innovation and intellectual property. The first chapter by Ramana Nanda and Matthew Rhodes Kropf explores the process of experimentation in the context of financing of technology start-ups by venture capitalists. The second by Yael Hochberg also analyzes the role of entrepreneurial experimentation by systematically examining the rise of start-up accelerators. The third chapter by Heidi Williams studies the relationship between the strength of intellectual property rights and innovation. The fourth paper by Fiona Scott Morton and Carl Shapiro discusses recent changes to the patent system and whether they align the rewards from intellectual property with the marginal contributions made by innovators and other stakeholders. The final chapter by Karim Lakhani and Kevin Boudreau focuses on the potential use of field innovation.

experiments and contests to inform innovation policy and management Together these essays continue to highlight the importance of economic theory and empirical analysis in innovation policy research
