DECISIONS Dr. Tyagraj, 2025-02-18 Social networking sites have become an indispensable component of many individuals' daily lifestyle. Smartphone is one such industry where the market has substantially grown in the last decade with a huge number of options available in the market across different price brackets. Users often get confused in making accurate purchase decisions. Here, where smartphone-focused social media influencers come in handy by watching their videos, consumers can learn more about the smartphone market fundamentally as well as specifics like pricing, features, brand, etc.
