Technologies in a Multilingual Environment Daria Bylieva, Alfred Nordmann, 2023-02-18 The book addresses the challenge of living in a multilingual world from three perspectives socio linguistics and the study of multilingualism in contrast philosophy of technology with its emphasis on the world as a technosphere how it is made how it is experienced and how it can be managed and then pedagogy and the question of teaching and learning to competently negotiate multilingual environments In today s multicultural and multilingual world technologies provide a common ground The story of the technosphere as a multilingual environment offers new perspective namely that of learning to cooperate and coordinate

Digital Legend and Belief Andrew Peck, 2023-07-18 The internet brings new urgency to the study of folklore The digital networks we use every day amplify the capacity of legends to spread swiftly define threats and inform action Using the case of a particularly popular digital bogeyman known as the Slender Man Andrew Peck brings the study of legends into the twenty first century Peck explains not only how legends circulate in the digital swirl of the internet but also how the internet affects how legends seep into our offline lives and into the mass media we consume What happens he asks when legends go online How does the internet enable the creation of new legends How do these ideas go viral How do tradition and technology interact to construct collaborative beliefs Peck argues that the story of the Slender Man is really a story about the changing nature of belief in the age of the internet Widely adopted digital technologies from smartphones to social media offer vast potential for extending traditional and expressive social behaviors in new ways As such understanding the online landscape of contemporary folklore is crucial for grasping the formation and circulation of belief in the digital age Ultimately Peck argues that advancing our comprehension of legends online can help us better understand how similar belief genres like fake news conspiracy theories hoaxes rumors meme culture and anti expert movements are enabled by digital media

Mobile Banking , A Driving Anger Anne O'Dwyer, 2025-10-02 Why are today s drivers so angry and what can we do about it Road rage is hardly new but its incidence and intensity are rising On any given day at least one person in the U S is shot or injured in a road rage incident and just about everyone has a road rage story to tell A recent study found that 80% of all drivers admit to experiencing significant anger while behind the wheel Expressions of driving anger can involve verbal threats stabbings intentionally ramming into vehicles following a driver for miles and too often lately lethal shootings In *A Driving Anger* author Anne O Dwyer who has been teaching researching and talking with people about road rage for over 20 years seeks to answer the question Why do so many people who are otherwise calm cool and collected become enraged when behind the wheel Drawing from psychological theory research and data as she weaves together explorations with personal accounts of driving anger the author challenges common misconceptions and describes the roots of anger and the primary psychological triggers of road rage These include feelings of anonymity biases we tend to hold about strangers unrealistic expectations of independence on the roadway misdirected outrage and being in a rush She also compares driving anger in both the US and abroad and to related lifestyle anger such as air rage checkout rage and sports rage Armed with an

understanding of the causes and effects of road rage O Dwyer concludes with nine concrete strategies and technologies that can help reduce driving anger in ourselves those we drive with and other drivers
