Winning with the Employee from Hell Shaun Belding, 2004-04-27 Annotation This guide helps managers determine which of their problem employees may need a little encouragement a little direction a full fledged attitude adjustment or to be set free Managers learn how to work with a myriad of challenging personality types from those who just can't seem to get the job done to negative whiny and uncooperative ones Employers learn the importance of setting goals observing and assessing performance and responding with motivating and nonnegotiable performance standards **North American Tunneling**

2004 Levent Ozdemir, 2004-04-01 This publication includes papers from the North American Tunneling 2004 conference sponsored by the American Underground Construction Association The theme of the conference is Underground Construction the Sensible Solution to Urban Problems to reflect the increasing importance of locating urban facilities in the United States underground for enhanced security to build critical infrastructure where it is needed and to improve the function of urban areas The papers are grouped in four major themes Management of Underground Projects Public Policy and Underground Projects Advances in Technology Case Studies Trials Tribulation and Triumphs in Tunneling This work should benefit everyone involved in any aspect of infrastructure tunneling and underground construction *NASA Tech Briefs*, 2005

We, robots Lode Lauwaert, Bartek Chomanski, 2025-01-27 This book takes a philosophical look at traditional technological tools such as hammers and drills as well as the modern autonomous cars ChatGPT smartphones apps steam engines nuclear power plants computers and many other systems that surround us The three main questions tackled are Is technology neutral Or is the design often intertwined with a Western or gendered perspective What are the ethical risks of AI Is it necessarily biased Is the climate problem linked to smart technologies Is technological determinism correct In other words is the world controlled by engineers since the digital revolution or are their inventions merely a product of society Lode Lauwaert and Bartek Chomanski offer an idiosyncratic perspective on technology and AI The result is a nuanced and critical view of the key themes of our time This book appeals broadly to students researchers as well as non academic audiences for an introduction to the philosophy of technology and AI This book explores key themes that all revolve around the idea that technology is not neutral This is a message for all of us Because technology is us Mark Coeckelbergh University of Vienna

Child Exploitation and Trafficking Virginia M. Kendall, T. Markus Funk, 2016-12-21 Each year more than two million children around the world fall victim to commercial sexual and labor exploitation Put simply the growing epidemic of child exploitation demands a coordinated response In addition to compliance concerns raised by the Foreign Corrupt Practices Act FCPA UK Bribery Act and other more familiar transnational anti corruption laws today's companies must also respond to more novel legal requirements such as those contained in the California Transparency in Supply Chains Act Federal Acquisition Regulations on Trafficking in Persons in Federal Contracts U K Modern Slavery Act of 2015 European Union's Directive on Transparency and its amendments and the proposed federal Business Transparency in Trafficking and

Slavery Act and other laws This Second Edition of Child Exploitation and Trafficking Examining Global Enforcement and Supply Chain Challenges and U S Responses brings fresh practical thinking to this oft misunderstood area of the law helping erase some of its counterproductive mythology The book not only provides the first comprehensive practical introduction to the history and present day reality of child exploitation and supply chain issues but it also traces the interconnected web of domestic and transnational federal laws and law enforcement efforts launched in response thereto The Second Edition not only is updated to reflect the latest trends and other development presented by two of the premier experts concerning this constantly evolving field but it also contains new chapters examining areas such as special issues in the fight against human trafficking and the raft of landmark anti trafficking laws that herald a new compliance reality for the globe s business community Written from the distinctive perspective of those who have spent their careers in the trenches investigating prosecuting and adjudicating these intricate emotional cases as well as those who are tasked with ensuring that products are free from the taint of child exploitation and force labor the book is uniquely proscriptive as well as descriptive in the sense that it relies on real world examples to serve up practical advice and reform proposals for those involved at all levels of this challenging area
