Information Please Sports Almanac Mike Meserole,1996 Profiles the record breakers and record makers statistics and facts for professional and amateur sports as well as highlighting both summer and winter olympics *Only a Black Athlete Can Save Us Now* Grant Farred,2022-01-18 A call to arms exploring the protest movements of 2020 as they reverberated through the athletic world Starting with the refusal of George Hill of the Milwaukee Bucks to participate in an August 2020 playoff game following the shooting of Jacob Blake by police in Kenosha Wisconsin Grant Farred shows how the Covid restricted NBA bubble released an energy that spurred athletes into radical action They disrupted athletic normalcy and in their grief and rage against American racism they demonstrated the true progressivism lacking in even the most reformist minded politicians and pundits Farred goes on to trace the radicalism of black athletes in a number of sports including the WNBA women s tennis the NFL and NASCAR locating contemporary athletes in a lineage that runs through Muhammad Ali as well as Tommy Smith and John Carlos at the 1968 Olympics Only a Black Athlete Can Save Us Now uses sport as a point of departure to argue that the dystopic crisis of our current moment offers a singular opportunity to reimagine how we live in the world Forerunners Ideas First is a thought in process series of breakthrough digital publications Written between fresh ideas and finished books Forerunners draws on scholarly work initiated in notable blogs social media conference plenaries journal articles and the synergy of academic exchange This is gray literature publishing where intense thinking change and speculation take place in scholarship Chill Factor David Paitson,Craig Merz,2015-03-03 The city of Columbus Ohio had always struggled to support any professional sports franchise It s a town where Ohio State University reigns supreme and everything else is less important That was until 1991 when the Columbus Chill a minor league hockey franchise arrived Using Veeckian marketing tactics and on ice shenanigans the Chill became the talk of the city and gained a religious local fan base Based on the success of the Chill from 1991 99 the city of Columbus was awarded with the Columbus Blue Jackets in 2000 the city s own NHL franchise Chill Factor follows the wild ride through the eyes of team president and general manager David Paitson from the early formation of the minor league franchise through the decision to rattle the status quo by going to the edge and beyond with a marketing and promotional plan that was both edgy and controversial The success of the Chill after their first season gave the organization the impetus to challenge local civic and business leaders to build a world class arena and emerge from the shadow of OSU There were setbacks and triumphs on and off the ice and eventually the

realization that the Columbus of today would not be possible without the aid of the Chill Factor takes readers into the front office and onto the rink giving every angle of how a small town was able to get behind a working class team that fought both on and off the ice This thrilling account will appeal to those who remember the Chill s reign as well as those who enjoy seeing the underdog climb the ladder to sports supremacy Skyhorse Publishing as well as our Sports Publishing imprint are proud to publish a broad range of books for readers interested in sports books about baseball pro football college football pro and college basketball hockey or soccer we have a book about your sport or your team Whether you are a New York Yankees fan or hail from Red Sox nation whether you are a die hard Green Bay Packers or Dallas Cowboys fan whether you root for the Kentucky Wildcats Louisville Cardinals UCLA Bruins or Kansas Jayhawks whether you route for the Boston Bruins Toronto Maple Leafs Montreal Canadiens or Los Angeles Kings we have a book for you While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home
