Instinct marketing consultant and behavioral science expert Leslie Zane shows that to grow a brand business or even a social movement traditional persuasion tactics fall short. Instead you must connect to the instinctive mind. And to do this you need to understand the science of consumer choice and employ techniques that work with a person's brain not against it. With a revolutionary set of rules for expanding the network Zane shows us how to make any brand business political candidate or idea the dominant instinctive choice. With science as your guide as well as stories from the world's most successful brands from McDonald's and Lululemon to the Yankees and Taylor Swift you'll learn what kind of messages create the greatest amount of positive associations. Why finding new customers accelerates growth and relying on existing ones is a trap. Why emotional stories are not enough to drive trial and long term brand loyalty. Whether you're an entrepreneur Fortune 500 executive marketing professional or job seeker mastering the power of instinct will help supercharge your growth and make whatever you're selling the first choice for any audience.
