Buyer Aware Marta L. Tellado, 2022-09-20 In an era of corporate overreach when consumers have never been more vulnerable to digital surveillance unsafe food and dangerously faulty products the president and CEO of Consumer Reports gives us a playbook to put the power back in our hands You've been getting ripped off The rules that have protected consumers for decades are failing Companies are spying on us Many of the products we once trusted are dangerous and failing at alarming rates Whether we are buying a crib a small appliance an iPhone app or shopping for car insurance it's become harder than ever to know whether the choices we make in the marketplace are putting us at risk either from physical harm or the abuse of our personal data by hackers or corporations This is intolerable It's wrong And we don't have to put up with it anymore Marta L Tellado the president and CEO of Consumer Reports has been an advocate for consumers for decades In Buyer Aware Tellado shows you the steps you can take to protect yourself from predatory business practices and how to exert your inherent power as a consumer to spur politicians and businesses to clean up their act Only then can we ensure that we have an economy that is fair safe and transparent for all and puts consumers first **Law of the Internet F.**

Drawing on hundreds of interviews and thousands of documents and letters contained in the newspaper's archives and the private papers of editors and reporters *The Times* is an inside look at the essential years that shaped the newspaper. Nagourney paints a vivid picture of a divided newsroom fraught with tension as it struggled to move into the digital age while confronting its scandals, shortcomings, and swelling criticism from conservatives and many of its own readers alike. Along the way we meet the memorable personalities including Abe Rosenthal, Max Frankel, Howell Raines, Joe Lelyveld, Bill Keller, Jill Abramson, Dean Baquet, Punch Sulzberger, and Arthur Sulzberger Jr. who shaped the paper as we know it today. We see the battles between the newsroom and the business operations side, the fight between old and new media, the tension between journalists who tried to hold on to the traditional model of a print newspaper and a new generation of reporters who are eager to embrace the new digital world. Immersive, meticulously researched, and filled with powerful stories of the rise and fall of the men and women who ran the most important newspaper in the nation, *The Times* is a definitive account of the most pivotal years in New York Times history.
