New York Times Saturday Book Review Supplement, 1962 *High-Yield Savings Accounts Vs. Standard Savings Accounts* JOSHUA. KING, 2025-03-18 Do you want to save your money in a bank account that pays 0.1%? That isn't enough money for anything. I prefer to save my emergency fund in a high yield savings account that pays 4.0% or higher. Over 30 years, a 15,000 deposit in a high yield savings account would become 45,000, while the same 15,000 would grow to 15,500 in a standard savings account. The first step to financial freedom is following a strict budget. After that, you must save in a high yield savings account to give every dollar a mission. Good Luck The Magic of 3 Joshua King, 2022-12-05 Now is a great time to be a saver. We earn 3% interest through a high yield savings account. That is completely free money just for saving in a certain institution. How will we use these interest payments? First, we can reinvest in our HYSA. But we can also take this money and invest into higher yield products safely. Either way, HYSAs are a start on the passive income path. Our kids will follow how we travel the course, so it's time to move beyond our comfort zone. Good Luck **My Three Favorite High-Yield Savings Accounts** Joshua King, 2024-11-03 I love saving money. I wasn't this way because I didn't value how vital savings are to our financial futures. As a saver, I love using my high yield savings accounts. I now have three high yield accounts that I plan to grow to 20,000 or more. The three accounts are Discover M1 Finance and Samsung Money. Together, they offer me three unique experiences to save money while earning a great yield. If you are new to saving, look at these three high yield savings accounts. They are great for both new and seasoned savers. Good Luck
