T-Kit 14 - Value-based learning in mobility projects Snežana Bačlija Knoch, Sérgio Gonçalves, Susie Nicodemi, 2022-05-18
Promote value based education in general and in learning mobility in the youth field in particular Learning mobility in the youth field is increasingly recognised and present in European programmes and in the activities and initiatives supported by the European Union the Council of Europe and other institutions Providing a meeting place for people from different environments and communities learning mobility programmes draw attention to values trigger reflections on them and stimulate questioning and critical examination If prepared and facilitated well these experiences can contribute to preparing and supporting young people and adult learners to be active in society and to be agents of change This T Kit has been written by and is for facilitators of learning to help start their thinking process about an important but also complex topic It aims to promote value based education in general to explain it and with practical examples related to specific values show how it can be used It is framed within the current policy framework of the Council of Europe and the European Union including their youth mobility programmes The T Kit should be understood through a holistic learning and non formal education approach the combination of theory background information examples and some practical ideas should help to initiate reflection from the relatively new angle of value based education in learning mobility in the youth field Value based learning is not neutral and neither is the T Kit Value based learning in mobility projects It is rooted in a set of values that it explores promotes and encourages action based on them To support this process the T Kit is divided into two parts one conceptual and one practical The conceptual part lays the foundation for value based learning in mobility while the practical part encompasses concrete activities and thought provokers which address the dilemmas and questions that can arise when implementing activities

Business and Health ,1986 **Proving Your Library's Value** Alan Fishel, Jillian Wentworth, United for Libraries, 2020-10-27 You know the value of your library but elected officials donors community leaders funders and other important stakeholders may not How can you make the library a priority for these groups who may have preconceived notions about what the library does as you compete with other important community organizations for funding In this book from United for Libraries you ll learn how to use The E s of Libraries Education Employment Entrepreneurship Engagement and Empowerment to quickly demonstrate why your library is essential and worthy of funding using messaging that is organized persuasive and memorable With the help of worksheets charts and prompts you will learn how to use language designed to win over stakeholders funders and partners craft custom messaging in several formats that is easily accessible and memorable including elevator speeches budget presentations and annual appeals and create presentations and other materials tailored to any audience based on the sample documents included This book s innovative framework can be used by any size or type of library and by any library advocate including Friends groups library staff trustees and foundations

Basic Skills in Interpreting Laboratory Data Mary Lee, 2009-02-26 This new edition of Basic Skills in Interpreting

Laboratory Data 4th Edition is a case based learning tool that will enhance your skills in clinical lab test interpretation. It provides fundamentals of interpreting lab test results not only for pharmacy students but also for practitioners as an aid in assessing patient drug treatment responses. It is the only text written by and for pharmacists and provides case studies and practical information on patient therapy. Since the publication of the third edition much has changed in the clinical lab and in the hospital pharmacy. Consequently the new fourth edition incorporates significant revisions and a wealth of important new information. NEW TO THIS EDITION Three new chapters including new information on men's health, women's health and pharmacogenomics and laboratory tests. Mini cases embedded in each chapter provide therapy related examples and reinforce important points made in the text. Quickview Charts give an overview of important clinical information including reference ranges and critical values. Learning Points focus on a clinical application of a major concept present in the chapter.
