Fish Butchery **Benefits of Influencer Marketing in Tourism** Alina Fackler, 2018-04-17 Seminar paper from the year 2018 in the subject Business economics Offline Marketing and Online Marketing grade 2.0 University of Applied Sciences Deggendorf language English abstract Nowadays it is a decisive role for the image of a company to be represented on social media because it is one of the most important type of media in today's time. The influence of traditional media is declining sharply. Companies thus lose the opportunity to reach their target groups via these older communication channels. At the same time, almost 80% of adults are online and are spending daily 166 minutes on average in the web. Consumers look at other consumers to inform themselves about products and services. This is why a new segment of Marketing has developed so called Influencer Marketing. It is a trend topic and many companies deal already with it. Many tourism companies agree that Marketing of their offers is mostly online. But customers do not exclusively inform themselves online. Word of mouth from family and friends are still worth a lot. Consequently the tourism companies cannot compete with personal relations. Nevertheless there is an opportunity to work with bloggers and thus imitate the personal recommendation. Most tourism experts are already actively using social media and look above all opportunities for stronger customer loyalty, direct contact with customers but also for addressing new target groups. The aim of the present work is to define Influencer Marketing and to work out the benefits for the tourism industry.

Dark Ride Lou Berney, 2023-09-19 FINALIST FOR THE LA TIMES BOOK PRIZE From Lou Berney the acclaimed multi award winning author of November Road and The Long and Faraway Gone comes a Dark Ride. Sometimes the person you least expect is just the hero you need. Twenty one year old Hardy. Hardly. Reed. Good natured, easygoing, usually stoned, is drifting through life. A minimum wage scare actor at an amusement park, he avoids unnecessary effort and unrealistic ambitions. Then one day he notices two children, around six or seven, sitting all alone on a bench. Hardly checks if they're okay and sees injuries on both children. Someone is hurting these kids. He reports the incident to Child Protective Service. That should be the end of it. After all, Hardly's not even good at looking out for himself, so the last thing he wants to do is look out for anyone else. But he's haunted by the two kids, his heart breaking for them. And the more research he does, the less he trusts that Child Protective Services, understaffed and overworked, will do anything about it. That leaves Hardly. He is probably the last person you'd ever want to count on. But those two kids have nobody else but him. Hardly has to do what's right and help them. For the first time in his life, Hardly decides to fight for something. This might be the one point in his entire life he realizes that is the entire point of his life. He will help those kids. At first, trying to gather evidence that will force the proper authorities to intervene. Hardly is a total disaster. Gradually, with assistance from unexpected allies, he develops investigative skills and discovers he's smarter and more capable than he ever imagined. But Hardly also discovers that the situation is more dangerous than he ever expected. The abusive father who has been hurting these children isn't just a lawyer, he also runs a violent drug dealing operation. The mother claims she wants to escape with the kids but Hardly isn't sure he can trust her. Faced with a different version of himself than he has ever known, Hardly refuses to give up.

But his commitment to saving these kids from further harm might end up getting the kids and Hardy himself killed
