Peter Lorre Constructing Performance Hollywood:

Peter Lorre: Face Maker Sarah Thomas, 2012-02-01 Peter Lorre described himself as merely a face maker His own negative attitude also characterizes traditional perspectives which position Lorre as a tragic figure within film history the promising European artist reduced to a Hollywood gimmick unable to escape the murderous image of his role in Fritz Lang's *M* This book shows that the life of Peter Lorre cannot be reduced to a series of simplistic oppositions It reveals that despite the limitations of his macabre star image Lorre's screen performances were highly ambitious and the terms of his employment were rarely restrictive Lorre's career was a complex negotiation between transnational identity Hollywood filmmaking practices the ownership of star images and the mechanics of screen performance *The German Cinema Book* Tim Bergfelder, Erica Carter, Deniz Göktürk, Claudia Sandberg, 2020-02-20 This comprehensively revised updated and significantly extended edition introduces German film history from its beginnings to the present day covering key periods and movements including early and silent cinema Weimar cinema Nazi cinema the New German Cinema the Berlin School the cinema of migration and moving images in the digital era Contributions by leading international scholars are grouped into sections that focus on genre stars authorship film production distribution and exhibition theory and politics including women's and queer cinema and transnational connections Spotlight articles within each section offer key case studies including of individual films that illuminate larger histories *Heimat* *Downfall* *The Lives of Others* *The Edge of Heaven* and many more stars from Ossi Oswalda and Hans Albers to Hanna Schygulla and Nina Hoss directors including F W Murnau Walter Ruttmann Wim Wenders and Helke Sander and film theorists including Siegfried Kracauer and Béla Balázs The volume provides a methodological template for the study of a national cinema in a transnational horizon *Meaning and Interpretation of Music in Cinema* David P. Neumeyer, 2015-08-17 By exploring the relationship between music and the moving image in film narrative David Neumeyer shows that film music is not conceptually separate from sound or dialogue but that all three are manipulated and continually interact in the larger acoustical world of the sound track In a medium in which the image has traditionally trumped sound Neumeyer turns our attention to the voice as the mechanism through which narrative dialog speech and sound sound effects music come together Complemented by music examples illustrations and contributions by James Buhler *Meaning and Interpretation of Music in Cinema* is the capstone of Neumeyer's 25 year project in the analysis and interpretation of music in film **Cult Film Stardom** K. Egan, S. Thomas, 2012-11-06 The term cult film star has been employed in popular journalistic writing for the last 25 years but what makes cult stars distinct from other film stars has rarely been addressed This collection explores the processes through which film stars actors become associated with the cult label from Bill Murray to Ruth Gordon and Ingrid Pitt **Making It in America** Elliott Robert Barkan, 2001-05-01 This collection of over 400 biographies of eminent ethnic Americans celebrates a wide array of inspiring individuals and their contributions to U S history The stories of these 400 eminent ethnic Americans are a testimony to the

enduring power of the American dream These men and women from 90 different ethnic groups certainly faced unequal access to opportunities Yet they all became renowned artists writers political and religious leaders scientists and athletes Kahlil Gibran Daniel Inouye Zbigniew Brzezinski Thurgood Marshall Madeleine Albright and many others are living proof that the land of opportunity sometimes lives up to its name Alongside these success stories as historian Elliot R Barkan notes in his introduction to this volume there have been many failures and many immigrants who did not stay in the United States Nevertheless the stories of these trailblazers visionaries and champions portray the breadth of possibilities from organizing a nascent community to winning the Nobel prize They also provide irrefutable evidence that no single generation and no single cultural heritage can claim credit for what America is

Caligari's Heirs Steffen Hantke, 2007 Most critical work on the horror film in Germany has been devoted to the period of the Weimar Republic and the classics it has produced including Robert Wiene's *The Cabinet of Dr Caligari*

1920 and F W Murnau's *Nosferatu* 1922 Postwar German horror film however has received little critical attention Caligari's Heirs *The German Cinema of Fear* after 1945 is a collection of essays that corrects this oversight by providing intelligent critical analyses of a variety of German horror films from the early postwar years to the present day Following an introduction that discusses the development of critical discourse on postwar German horror film these essays focus on four particular aspects of the genre the immediate postwar years and the long shadow of Weimar cinema that falls over them the dialogue between the German Autorenfilm and horror cinema the influence of commercial American cinema on German horror films and contemporary splatter films that have received more critical attention than any other postwar German horror films To round out the picture of this genre in the context of a specific national tradition the book also includes three interviews with contemporary German horror film directors working in both cinema and television Though the book takes on a wide field of discussion German horror film over a period of roughly fifty years it does so by providing case studies The essays in this collection discuss either an individual film or director or they take on larger historical issues from the discussion of the Nazi past in the postwar years to the heavy toll of German reunification In its broad approach *Caligari's Heirs* has something to offer to three distinct audiences the horror film fan the reader interested in German cinema in general and the reader interested in discovering a national culture through its popular culture
