I've Got John Sherry Ann White,2013-04-29 Is it possible that I was once a woman who lived first in New Orleans then in New York City in the 1800s The next nine chapters chronicle the life and times of a woman by the name of Sarah Anne Wells who was later in her lifetime known as Sunflower Most of the information within this biography has been given to me through messages in the form of synchronistic coincidence and spiritual readings private prayer and meditation hypnotic past life regression session spirit photographs and through meeting

many people in this life whom I am sure were a part of my past lifetime I've had many dreams later come true I've also been given little physical gifts that are difficult to explain as just coincidence These gifts were given to me from someone on the other side of the looking glass Once I accepted the possibility that it was possible to communicate with those on the other side of this reality the memories of Sarah's life came to me quite easily They continue to this day As I wrote each chapter of her life she began to feel very real to me I began to hear her voice feel how her clothing felt next to her skin and see her image in my mind's mirror Born into slavery then sold into prostitution I learned through many messages how difficult it was for her to just survive My reason for putting all of these messages from Spirit into words is simple If by reading my book it provides some comfort and hope then all the efforts by not only me but all those on the other side of reality has meaning WE ARE ONE

Creating Online Tutorials Hannah Gascho Rempel, Maribeth Slebodnik, 2024-02-14 Today's students rely heavily on electronic resources they expect to be able to access library resources from any location and at any time of the day Online education is ubiquitous from K-12 through graduate level coursework and is increasingly used in on-the-job training Libraries must be prepared to guide learners to use library resources when and where they are needed Thoughtfully designed online tutorials can be the library's answer to providing this point-of-need instruction that learners have come to expect When librarians don't have the technical expertise needed to create online tutorials *Creating Online Tutorials: A Practical Guide for Librarians* Second Edition will help guide them through the basics of designing and producing an online tutorial Using practical examples the book leads librarians through the process of creating an online tutorial from start to finish and provides tips and strategies that will be useful to librarians with more experience in designing online tutorials This detailed roadmap for designing and producing online tutorials covers
