**American Rehabilitation** ,1995 *There Plant Eyes* M. Leona Godin,2022-08-30 From Homer to Helen Keller from Dune to Stevie Wonder from the invention of braille to the science of echolocation M Leona Godin explores the fascinating history of blindness interweaving it with her own story of gradually losing her sight A thought provoking mixture of criticism memoir and advocacy The New Yorker There Plant Eyes probes the ways in which blindness has shaped our ocularcentric culture challenging deeply ingrained ideas about what it means to be blind For millennia blindness has been used to signify such things as thoughtlessness blind faith irrationality blind rage and unconsciousness blind evolution But at the same time blind people have been othered as the recipients of

special powers as compensation for lost sight from the poetic gifts of John Milton to the heightened senses of the comic book hero Daredevil. Godin, who began losing her vision at age ten, illuminates the often surprising history of both the condition of blindness and the myths and ideas that have grown up around it over the course of generations. She combines an analysis of blindness in art and culture from King Lear to Star Wars with a study of the science of blindness and key developments in accessibility: the white cane, embossed printing, digital technology to paint a vivid personal and cultural history. A genre-defying work, *There Plant Eyes* reveals just how essential blindness and vision are to humanity's understanding of itself and the world.

*The Din in the Head*. Cynthia Ozick, 2006-06-02. A collection of essays on the joys of great literature from the New York Times bestselling author and winner of the National Book Critics Circle Award. One of America's foremost novelists and critics, Cynthia Ozick has won praise and provoked debate for taking on challenging literary, historical, and moral issues. Her new collection of spirited essays focuses on the essential joys of great literature with particular emphasis on the novel. With razor-sharp wit and an inspiring joie de vivre, she investigates unexpected byways in the works of Leo Tolstoy, Saul Bellow, Helen Keller, Isaac Babel, Sylvia Plath, Susan Sontag, and others. In a posthumous and hilariously harassing "Unfortunate Interview" with Henry James, Ozick's hero is shocked by a lady reporter. In *Highbrow Blues* and in reflections on her own early fiction, she writes intimately of the din in our heads, that relentless inner hum, and the curative power of literary imagination. *The Din in the Head* is sure to please fans of Ozick, win her new readers, and excite critical controversy and acclaim. Open the collection anywhere; I guarantee it, and you will feel the bite of her distinctive voice. Sven Birkerts, *Los Angeles Times*. The passion that fills these essays is invigorating. In our age of irony and commercial pandering, we need writers like Ozick. Danielle Chapman, *Chicago Tribune*.
