Getting it Right @60 Bipin Gupta,2020-10 Getting it Right 60 A Common Man s Perspective There are a lot of books available on life after retirement but I wanted to write one from the perspective of a common man This is a book for every Common Man who is already retired or retiring Common Man is conceived as one from the middle class a person who has spent all this time in doing his job diligently and honestly but in this process could not pursue his hobbies He could as well not nurture well his family and personal relationships despite a strong inclination and all resources at his disposal While definition of Hobby is so wide encompassing anything and everything it is at the same time difficult to identify one s hobby at least amongst middle class Indians for giving it its due after he is retiring At this stage of life most of them are unaware about the areas which give them passion and enchantment This book will help readers from middle class society address this dilemma An attempt has also been made to address issues of various fears in the mind of retiring persons as regards their health finances uncaring children unsettled children sexlessness loneliness etc Once retired with all the time in the world and limited responsibilities sometimes we find ourselves lost in search of purpose This book will address this aspect of dilemma also It is endeavoured that each page of this book connects well with senior citizens and interests them I would not claim that my readers will find some startling revelations about happy retired life from this short book but I am confident that once a reader reads this he will be better equipped to lead a more fulfilling retired life I hope my honest attempt will provide readers with inspiration and zeal to re prioritise their journey of life and take retirement as a chosen milestone to start attending to one s non lucrative but highly satisfying pursuits **Software and CD-ROM Reviews on File** ,1998
