Montgomery ...* ,1909 The Swedish Beginning of Pennsylvania and Other Events in Pennsylvania History (Classic Reprint) Thomas Willing Balch,2019-01-07 Excerpt from The Swedish Beginning of Pennsylvania and Other Events in Pennsylvania History When the President a year ago invited me to address this notable Society at one of its annual meetings but one answer of course could be given And as I am a Pennsylvanian by almost two and three quarter centuries of inheritance I have chosen some events in the history of Pennsylvania as my theme for this occasion Pennsylvania as her name of the Keystone State implies has had a notable history During the Colonial period owing to her geographical position the large number of her population and her important commercial development she was truly the Keystone Colony And since the Declaration of

Independence owing in part still to her geographical position and also because of the influence that through the large number of her people moving Westward and south westward she has exerted in shaping and moulding the institutions of the Nation beyond the Alleghenies Pennsylvania has come to be known all over the country as the Keystone State Like every one of the other colonies or original States Pennsylvania has contributed her share to the building and maintenance of the Union Unfortunately the people of Pennsylvania possess only in a small degree an admirable quality which you here in Massachusetts have in large measure a quality which I admire you for and that is that when anyone in the community has done some thing which is really worth the doing to make it known not only locally but also in all the world besides About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
