All Music Guide to Rock Vladimir Bogdanov,Chris Woodstra,Stephen Thomas Erlewine,2002-04 This fun to read easy to use reference has been completely updated expanded and revised with reviews of over 12 000 great albums by over 2 000 artists and groups in all rock genres 50 charts The Ink in the Grooves Florence Dore,2022-10-15 Drop the record needle on any vinyl album in your collection then read the first pages of that novel you ve been meaning to pick up the reverberations between them will be impossible to miss Since Dylan went electric listening to rock n roll has often been a surprisingly literary experience and contemporary literature is curiously attuned to the history and beat of popular music In The Ink in the Grooves Florence Dore brings together a remarkable array of acclaimed novelists musicians and music writers to explore the provocatively creative relationship between musical and literary inspiration the vitality that writers draw from a three minute blast of guitars and the poetic insights that musicians find in literary works from Shakespeare to Southern Gothic Together the essays and interviews in The Ink in the Grooves provide a backstage pass to the creative processes behind some of the most exciting and influential albums and novels of our time Contributors Laura Cantrell Michael Chabon Roddy Doyle Bob Dylan Steve Earle William Ferris Dom Flemons Rhiannon Giddens Dave Grohl Peter Guralnick Amy Helm Randall Kenan Jonathan Lethem Greil Marcus Rick Moody Lorrie Moore the John Prine band Dave Jacques Fats Kaplin Pat McLaughlin Jason Wilber Dana Spiotta John Jeremiah Sullivan Richard Thompson Scott Timberg Daniel Wallace Colson Whitehead Lucinda Williams Warren Zanes *The Shape of Things to Come* Greil Marcus,2007-08-21 From the author of *Mystery Train* and *Lipstick Traces* an exhilarating and provocative investigation of the tangle of American identity America is a place and a story made up of exuberance and suspicion crime and liberation lynch mobs and escapes its greatest testaments are made of portents and warnings biblical allusions that lose all certainty in the American air It is this story of self invention and nationhood that Greil Marcus rediscovers beginning with John Winthrop s invocation of America as a city on the hill Lincoln s second inaugural address and Martin Luther King Jr s speech about his American dream Listening to these prophetic founding statements Marcus explores America s promise as a New Jerusalem and the nature of its covenant first with God and then with its own citizens In the nineteenth century this vision of the nation s story was told in public as

part of common discourse to be fought over in plain speech and flights of gorgeous rhetoric Since then Marcus argues it has become cryptic a story told more in art than in politics He traces it across the continent and through time hearing the tale in the disparate voices of writers filmmakers performers and actors Philip Roth David Lynch David Thomas Allen Ginsberg Sheryl Lee and Bill Pullman In *The Shape of Things to Come* the future and the past merge in extraordinary and uncanny ways and Marcus proves once again that he is our most imaginative and original cultural critic **Live from the Underground** Katherine Rye Jewell, 2023-12-05 Bands like R E M U2 Public Enemy and Nirvana found success as darlings of college radio but the extraordinary influence of these stations and their DJs on musical culture since the 1970s was anything but inevitable As media deregulation and political conflict over obscenity and censorship transformed the business and politics of culture students and community DJs turned to college radio to defy the mainstream and they ended up disrupting popular music and commercial radio in the process In this first history of US college radio Katherine Rye Jewell reveals that these eclectic stations in major cities and college towns across the United States owed their collective cultural power to the politics of higher education as much as they did to upstart bohemian music scenes coast to coast Jewell uncovers how battles to control college radio were about more than music they were an influential if unexpected front in the nation's culture wars These battles created unintended consequences and overlooked contributions to popular culture that students DJs and listeners never anticipated More than an ode to beloved stations this book will resonate with both music fans and observers of the politics of culture
