Manual A. G. Bole, W. O. Dineley, 2016-01-29 Radar and ARPA Manual focuses on the theoretical and practical aspects of electronic navigation. The manual first discusses basic radar principles including principles of range and bearing measurements and picture orientation and presentation. The text then looks at the operational principles of radar systems. Function of units, aerial receiver and display principles, transmitter principles, and siting of units on board ships are discussed. The book also describes target detection, Automatic Radar Plotting Aids (ARPA), and operational controls of radar systems and then discusses radar plotting. Errors associated with the true motion presentation accuracy and errors of manual plotting, radar plotting aids, and regulations for preventing collisions at sea as applied to radar and ARPA are described. The book also underscores the accuracy and errors of ARPA. The test scenarios, errors generated in the radar installation, classification of ARPA error sources, and errors in displayed data and interpretation are explained. The manual is a good source of information for readers wanting to study electronic navigation.

Campaign Management for Campaign Managers and Middle Management in Digital Marketing, Advertising and Branding Akshat Singh Bisht, 2025-10-31 Campaign Management for Campaign Managers and Middle Management in Digital Marketing, Advertising and Branding is the only book in the world that dives deep into the science of digital marketing campaign optimization and management. While most books merely explain what digital marketing is, this one reveals how campaigns truly work, how they are built, optimized, and scaled to deliver measurable growth. It is a complete roadmap for those who want to move beyond just running ads and start mastering data-driven, goal-oriented campaign management. Focused primarily on digital marketing campaigns, this book unpacks every layer of the campaign lifecycle from planning and audience research to execution, testing, performance tracking, and optimization. Readers will learn how to design high-performing Google Meta and cross-platform campaigns that convert. Analyze campaign data to identify inefficiencies and improve ROI. Apply real optimization strategies using metrics, timing, and behavioral insights. Implement the PSPT Framework (People, Skill, Process, Technology) to reduce errors and enhance campaign output. Build data-backed reports, performance dashboards, and automated optimization loops. Bridge the communication and strategy gap between marketing teams, clients, and decision makers. Drawing from real-world case studies and advanced marketing practices, the book highlights how digital campaigns can evolve from simple ad sets into scalable systems that drive brand awareness, engagement, and revenue growth. Whether you are a digital marketing

professional campaign manager or middle level strategist this book equips you with the mindset frameworks and tools to master modern campaign management It s more than a marketing book it s a complete guide to managing and optimizing digital marketing campaigns with precision creativity and intelligence *Radar and ARPA Manual* Alan G.
