Peril in Paradise Mark S. Whorton, 2005-10-25 A charge to people who believe that you must believe in a young earth to be a Christian

Timeless Vision Jim Johnson, 2024-04-12 Faith and facts are reconciled in this revelatory examination of biblical and secular truths that follows the path to God through science not around it Always a man of science Jim Johnson accepted Christ into his life shortly after his fiftieth birthday This acceptance of God's unseeable power did not shake his belief in science it strengthened it Through years of research on the world's evolution Johnson found that in studying every new hypothesis and theory he believes even more in God's universal role Timeless Vision Understanding God's Creation through the Lens of Science bridges the gap between faith and science Johnson examines the natural progression of Earth's creation alongside the seven biblical days explains the conundrum of time and expands upon the ever evolving relationship humanity has with science and religion Through analyzing scripture with detailed data and using science to bolster Christian beliefs Johnson reveals just how rare and privileged Earth and human life truly are It is through studying science and faith together not apart that we can see how God's plan was developed and why He did it One is not complete without the other Let Johnson lead you down the path less traveled the one of science and faith and show how God gave humanity these ways to discover Him more fully and completely
