The Parallel Curriculum in the Classroom, Book 2 Carol Ann Tomlinson, Sandra N. Kaplan, Jeanne H. Purcell, Jann H. Leppien, Deborah E. Burns, Cindy A. Strickland, 2005-09-08 Learn to design exemplary Parallel Curriculum Units from the experts classroom teachers What is the best way to incorporate the four parallels into your Parallel Curriculum Unit How do teachers using the Parallel Curriculum Model PCM craft units based on the PCM and why do they utilize certain elements and downplay others What does a complete Parallel Curriculum Unit look like This compilation of Parallel Curriculum Units provides a close up look into the development of PCM units and how those units work in actual classroom settings The Parallel Curriculum in the Classroom Book 2 reflects a variety of Parallel Curriculum units spanning primary elementary middle and high school levels of instruction and encompassing the disciplines of social studies science art math and language arts Across each unit the authors present a framework of three essential components in an effective Parallel Curriculum Unit The big picture of grade level subject goals and standards The unpacking or step by step explanation of the unit The reasoning behind the unit design Whether using each parallel independently or combining all four parallels into curriculum design teachers will find the units included here are exemplary models for creating their own parallel curriculum units Use them as professional development tools to help plan thoughtful curriculum based upon the Parallel Curriculum Model

The Power of Middle School Keen J. Babbage, 2012-09-14 The middle school years are a maze of academic duties human growth and self development discovering self identity and increasing social interaction with other people This maze can be an adventure of achievement and opportunity or it can be a struggle of difficulty and disappointment As these experiences are the impetus or foundation for many later achievements in academics careers and personal life it is imperative that educators maximize these formative years by helping middle school students successfully travel through this maze despite its ups and downs its twists and turns and its new challenges to master and the old issues to resolve For instance educators must support students who have fallen behind so as to thwart their reduced likelihood of turnaround in high school Likewise educators must challenge exceptional students in order to perpetuate their enthusiasm for learning and prepare them for college studies By discussing the comprehensive roles and duties of school administrators counselors and teachers The Power of Middle School addresses how to maximize middle school curriculum and extra curricular activities for the academic personal and professional benefits of all students Teaching 6-12 Math Intervention Juliana
