In 2019 the NFL celebrated its 100th season. During that historic year the league selected an All Time Team of 100 former star players. Among them were seven from before football's free substitution rule: 1920-1945 two way players who were skilled at both offense and defense. They were Sammy Baugh, Quarterback; Dutch Clark, Running Back; Dan Fortmann, Guard; Mel Hein, Center; Cal Hubbard, Tackle; Don Hutson, Wide Receiver; and Bill Hewitt, Defensive End. There were more than just seven great players from those years when men in leather helmets played multiple positions on dirt fields for modest salaries. This book ranks the NFL's top two way players with detailed biographies and analysis by their contemporaries. *Red Grange* Chris Willis, 2019-08-09. You know that a full house beats a pair of kings and 21 is the magic number in blackjack. But when you enter a casino you feel like a vacuum hose is going to suck money right out of your wallet. Don't cash in your chips just yet. *The Complete Idiot's Guide to Gambling Like a Pro* Second Edition explains all the games and strategies so you have a better chance at beating the odds. Walter Lingo, Jim Thorpe, and the Oorang Indians Chris Willis, 2017-05-05 At the beginning of the Roaring Twenties the NFL was just a footnote within the landscape of American sports. The early pro game was played on dirt fields by vagabond athletes who would beat up or punch out their opponent for fifty dollars a game. But one team was different than the rest, the Oorang Indians. Comprised entirely of Native Americans and led by star athlete Jim Thorpe, the Oorang Indians were an instant hit in almost every city they visited. In *Walter Lingo, Jim Thorpe and the Oorang Indians: How a Dog Kennel Owner Created the NFL's Most Famous Traveling Team* NFL historian Chris Willis tells the story of this unique and fascinating part of professional football history. In 1922 Walter Lingo, a dog kennel owner from tiny La Rue, Ohio, joined forces with Jim Thorpe, the country's greatest athlete, to create the Oorang Indians. Willis recounts how Lingo used the football team, the star attraction of player-coach Thorpe, and the all-Native American squad to help advertise his kennel and sell dogs, putting the small town of La Rue on the map. With the complete cooperation of the Lingo family and unlimited access to family photos and archives, *Walter Lingo, Jim Thorpe and the Oorang Indians* provides an up-close and behind-the-scenes view into the making of this little-known team. It is a remarkable story that will be enjoyed by football fans and historians alike. **Bears vs. Cardinals** Joe Ziemba, 2022-09-01 In their early years, the Chicago Bears and the Chicago Cardinals, the two oldest teams in the National Football League, travelled the country with only rare mention in the newspapers. Both teams later saw their official records destroyed by fire. Most of what is now known about those initial seasons is based on often inaccurate statements made many years later. Reconstructing their missing history, this book draws on newly available resources to document the battles and brawls on and off the field, the cunning backroom deals, the financial woes, and the 40-year rivalry that endured while both teams were in Chicago. Figures like Al Capone, Red Grange, Jim Thorpe, and Bronko Nagurski make appearances in the lore of two old adversaries whose uneasy alliance helped ensure the survival of the fledgling NFL. *The 1951 Los Angeles Rams* George Bozeka, 2022-04-28 The 1951 Los Angeles Rams were one of the greatest teams in professional football history. Led by pioneer owner Daniel Reeves, head coach Joe Stydahar, and future Hall of Famers Bob Waterfield, Norm Van Brocklin, Elroy Hirsch, Tom Fears, and Andy Robustelli, the team won the NFL championship of that season. In doing this, they defeated the defending champion Cleveland Browns in a fantastic rematch of the 1950 title game. The Rams were the first team in a major professional sports league to relocate to the West Coast, forever changing the face of the NFL and professional sports in America. Fueled by an exciting and accomplished lineup of veteran star players and impactful rookies, the product of the Rams' innovative scouting

system and their reintegration of the NFL in 1946 the Rams successfully married the NFL to the glamorous world of Hollywood

Delve into the story of the 51 Rams the NFL's First West Coast Champions [Determining the College Football Playoff: Weighted Wins, A Better Approach](#) Ray D. Theis, Mark G. Terwilliger, 2021-09-21 In this book we explore the history of college football and in particular the mythical college championship from 1869 to the present day For several years different media outlets took it upon themselves to declare a national championship which led to nothing short of confusion In one year four different teams were named champion This chaotic situation and accompanying controversy ultimately led to the creation of the Bowl Championship Series or BCS Initially the BCS selection was based on a formula that incorporated several polls and computer models However the proprietary nature of the computer models and the complexity of the mathematics used to combine the data sources to arrive at the final selection did very little to quiet the controversy This led to the creation of a selection committee to choose the four best teams to compete in a four team playoff Again controversy has ensued with many questioning the politics and nebulous capricious nature of the criteria We have created an alternate model which we have dubbed the weighted wins system that defines a simple unbiased and consistent mechanism for evaluating and comparing the records of the teams in the NCAA's Bowl Subdivision We have compared the results of the weighted wins model against forty years of actual game results and found that it generates very similar outcomes The primary difference is that it completely removes politics from the selection process and offers a clear path to the playoffs for all members of the Bowl Subdivision
