nation has become divided by another controversial presidential recount Not only does the controversial recount threaten to bring down a presidential administration and a prominent Internet company but it has also given al Qaeda an opportunity to strike in a way that it has never done before The time honored tradition of Americans shopping the day after Thanksgiving is the only thread that now unites America it could become the opportunity to take down the United States which al Qaeda has long dreamed of Can the various governmental agencies stop the attack from happening Are there also elements from within

that are planning to strike the United States as well. If all efforts to thwart our enemies fail the day Black Friday could have an entirely new meaning.

Black Friday Alex Kava, 2019-03-11 Plunge into a thrilling adventure tracking domestic terrorists in book 7 of the acclaimed Maggie O'Dell series from New York Times bestselling author Alex Kava. On the busiest shopping day of the year, a group of idealistic college students believe they're about to carry out an elaborate media stunt at the largest mall in America. They think the equipment in their backpacks will disrupt stores' computer systems, causing delays and chaos, disrupting capitalism if only for a moment. What they don't realize is that instead of jamming devices, their backpacks contain explosives. And they're about to become unwitting suicide bombers. FBI profiler Maggie O'Dell must put her own political troubles aside to work with Nick Morrelli and figure out who's behind this terrorist plot, a massacre that's all the more frightening when a tip reveals that Maggie's brother is one of the doomed protestors. Black Friday Peter Aitchison, 2018-04-12 The true story of a small fishing village in 19th century Scotland and the deadly storm that left tragedy in its wake is recounted in this gripping read. Scotsman UK. On October 14th 1881, a severe windstorm struck the southeastern coast of Scotland, devastating fishing communities throughout the region. In all, 189 fishermen were lost in a single afternoon; 129 of them hailed from the village of Eyemouth. In *Black Friday*, Scottish historian Peter Aitchison recounts the astonishing story of that storm and its tragic aftermath. Aitchison combines larger historical context with personal accounts of fishermen caught in the maelstrom and their families waiting anxiously for news. It is a story of a poor community driven to desperate measures by an onerous tithe system and a time when Eyemouth was the center of a massive smuggling ring. As a direct descendent of the community, Aitchison does more than simply spin a good yarn. He offers rare insight into how these fishermen plied their trade, led their lives, and met their fate. *Black Friday* was previously published as *Children of the Sea*.
