Global Meets Digital Vinod Jain, 2023-06-02 The world today is at the intersection of two megatrends Globalization and Digitalization a business revolution unfolding in real time *Global Meets Digital* captures the many nuances of this revolution succinctly including its impact on our lives and business An immediate implication of this revolution is that the economic principles that underpinned business and strategy for hundreds of years such as diminishing returns to scale and resource scarcity are no longer valid for a large and growing number of products and services The book will challenge you to think differently not just about digital products but also about physical products In the global digital world products are of three kinds physical digital and smart machines products that are both physical and digital and connected to the internet a distinction missed by most books on strategy and global business The economics of each kind of products is distinct from that of the others which has strategic implications for all kinds of businesses implications such as how to compete and how to create and capture value With several mini case studies and over 100 company examples the book covers themes and cutting edge issues like the paradox of globalization digital disruption disruptive business models exponential technologies Internet of Things competition in digital markets winner take all market dynamics Industry 4.0 how to innovate strategizing for the New Normal and value creation and value capture in both B2C and B2B contexts The book derives its underpinnings from the practice of global and digital business while theory remains in the background Intended specifically for an executive professional audience *Global Meets Digital* should also be of value to business students and professors learning to dip their toes into a digital world Vinod Jain is an expert in global and digital strategy award winning professor Fulbright Scholar and author of an MBA textbook *Global Strategy* He taught at the Rutgers Business School Newark and New Brunswick and the Robert H Smith School of Business University of Maryland College Park At Maryland he was also the Founding Director of the federally funded Center for International Business Education and Research and Academic Director of Smith School s Executive MBA program in China Since leaving Maryland he has taught in China Denmark Finland Poland and India as a visiting or term professor His opinion pieces have appeared in *The Washington Post* *The Baltimore Sun* *Mensa Bulletin* and *Economic Times* and *Mint India* s 1 and 2 business dailies among other media In the

past he worked as a middle and senior level executive with American and British multinationals Vinod has a PhD in Strategy and International Business from the University of Maryland College Park MS in Management from UCLA and MS and BS Hons in Statistics from the Indian Statistical Institute Calcutta

Going Public Dakin Campbell, 2022-07-26 A behind the scenes tour of the high stakes world of IPOs and how a visionary band of startup executives venture capitalists and maverick bankers has launched a crusade to upend the traditional IPO as we know it GOING PUBLIC is a character driven narrative centered on the last five years of unparalleled change in how technology startups sell shares to the public Initial public offerings or IPOs are typically the first time retail investors can own a piece of the New Economy companies promising to rewire economic rules Selling IPOs is also one of the most profitable businesses for Wall Street investment banks who have spent the last 40 years protecting their profits In an era when algorithms and software have made the financial markets more efficient the pricing of IPOs still relies on human judgment In 2018 executives at music streaming service Spotify sought to upend the status quo Led by a trim and understated CFO Barry McCarthy and a shy but brilliant founder Daniel Ek they took a wild idea and forged something new GOING PUBLIC explores how they got comfortable with the risk and how they lobbied securities watchdogs and exchange staff to rewrite the regulations Readers will meet executives at disruptive companies like Airbnb DoorDash venture capitalists and even some bankers who seized on Spotify's labor and used it to knock Wall Street bankers off the piles of fees they'd been stacking for so long GOING PUBLIC weaves in earlier attempts to rethink the IPO process introducing readers to one of Silicon Valley's earliest bankers Bill Hambrecht whose invention for selling shares online was embraced by Google founders Larry Page and Sergey Brin when they auctioned their shares in 2004 And it examines the recent boom in blank check companies those Wall Street insider deals that have suddenly become the hottest way to enter the public markets GOING PUBLIC tells stories from inside the room and more

Networked Music Cultures Raphaël Nowak, Andrew Whelan, 2016-09-16 This collection presents a range of essays on contemporary music distribution and consumption patterns and practices The contributors to the collection use a variety of theoretical and methodological approaches discussing the consequences and effects of the digital distribution of music as it is manifested in specific cultural contexts The widespread circulation of music in digital form has far reaching consequences not least for how we understand the practices of sourcing and consuming music the political economy of the music industries and the relationships between format and aesthetics Through close empirical engagement with a variety of contexts and analytical frames the contributors to this collection demonstrate that the changes associated with networked music are always situationally specific sometimes contentious and often unexpected in their implications With chapters covering topics such as the business models of streaming audio policy and professional discourses around the changing digital music market the creative affordances of format and circulation and local practices of accessing and engaging with music in a range of distinct cultural contexts the book presents an overview of the themes topics and approaches found in current social and cultural research on the relations

between music and digital technology

Collaborative Recommendations: Algorithms, Practical Challenges And Applications Shlomo Berkovsky, Ivan Cantador, Domonkos Tikk, 2018-11-30
