Moral Dimensions Abortions Contraception Perspective:

Moral Dimensions of Abortions and Contraception Janus Rasmus, 2015-11-25 This little tract tries to address two issues that concern all of us especially Catholics 1 Is the practice abortion under certain conditions and situations morally justifiable 2 Is the practice of artificial contraception morally wrong Abortion in the United States Dorothy E. McBride, 2007-10-16 This work is a balanced presentation of the pro life pro choice controversy showing all aspects of the debate and why it is so difficult to resolve Abortion in the United States A Reference Handbook offers a balanced objective look at the ultimate wedge issue in American culture This volume offers a revealing history of abortion politics and policy from the 1800s to Roe v Wade to the present with clear analyses of disputes such as public funding for abortion the status of the fetus contraception abortion as a litmus test for candidates and judicial nominees and more A separate chapter looks at abortion politics throughout the world and places the United States in a global context Biographies of major players extensive data and documents and a bibliography of important resources make this an essential resource on one of the most controversial topics in our national dialog **Sexual and Reproductive Health** Paul Van Look, Kristian Heggenhougen, Stella R. Quah, 2011-02-17 This volume brings together two areas of health that are among the foci of current development efforts as articulated by the Millennium Development Goals MDGs namely sexual and reproductive health MDG 5 improve maternal health target 2 achieve by 2015 universal access to reproductive health and Gender MDG 3 promote gender equality and empower women Few if any published books have dealt in a comprehensive way with public health aspects of these two strongly interrelated areas of health Most published volumes devoted to sexual and reproductive health have a strong clinical focus whereas books on gender tend to concentrate primarily on the socio cultural and anthropological aspects of the subject Focuses on the relationship between sexual and reproductive behaviors and the resulting impact on populations and societies as a group Provides a science based approach to identifying appropriate response plans adaptations and mitigation steps for related behaviors Explores the financial and societal impact of behavioral choices Includes new preface specifically for this audience **Psychiatric Aspects of Abortion** Nada Logan Stotland, 1991 Abortion is a highly complicated issue that raises a cross section of questions Is abortion related to a woman s economic status Do abortions really confer reproductive freedom for women To address these questions the contributors to this book summarize research studies on the psychiatric effects of abortion including the long term psychiatric impact and the psychological consequences of denied abortion illegal abortion and unwanted pregnancy **A House Divided** Geoffrey W. Sutton, 2016-03-29 A House Divided helps answer the question how do Christians form moral judgments about sex linked issues After analyzing key differences between conservative and progressive Christians on such divisive issues as abortion sex education and same sex marriage readers will learn how a combination of four factors can lead to principled Christian morality First a review of diverse interpretive comments on relevant Scriptures can help identify a foundation for agreement as well as sharpen differences Second a

review of psychological factors can help identify prejudices personality traits and powerful emotions that intensify and color public debate Third new research on moral psychology will add six dimensions of analysis to appreciating the reasons conservatives and progressives draw upon when forming moral judgments And finally knowledge about sexual attraction sexual orientation conception and sexual health is vital to thinking ethically about the specific issues addressed in this book

Exploring the Dimensions of Human Sexuality Jerrold Greenberg, Clint Bruess, Sarah Conklin, 2010-03-10 Exploring the Dimensions of Human Sexuality Fourth Edition addresses all aspects of sexuality biological spiritual psychological and sociocultural and presents the information both factually and impartially Throughout the text students will find an emphasis on health and well being based on the assumption that we are all sexual beings and that sexuality should be viewed in its totality Students are encouraged to explore the varied dimensions of human sexuality and see how each affects their own personal sexuality sexual health and sexual responsibility

Reproductive Rights Michael Davis, AI, 2025-03-17 Reproductive Rights explores the multifaceted history of reproductive control in the United States tracing its evolution from the early 20th century to today The book examines how struggles over bodily autonomy have shaped law medicine and political power It highlights intriguing historical events such as the eugenics movement s impact on reproductive policies and the landmark Roe v Wade decision which initially established a woman s right to an abortion but has since faced numerous challenges This book uniquely connects the fight for reproductive rights to broader battles for social justice and gender equality emphasizing the fundamental right to privacy It begins by defining key concepts like reproductive freedom and legal precedents before delving into the fight for contraception access including the pivotal Griswold v Connecticut case The book methodically progresses through the rise of the anti abortion movement and the current state of reproductive rights examining the influence of the Supreme Court and state level legislation Drawing on legal documents historical archives and public health data the book provides a comprehensive analysis of the ongoing debates surrounding abortion contraception and healthcare access It offers a balanced perspective acknowledging the complex and diverse viewpoints that inform this critical issue making it a valuable resource for anyone seeking a deeper understanding of reproductive rights in the United States

Islamic Bioethics: Problems and Perspectives DARIUSCH ATIGHETCHI, 2006-12-02 This book presents a critical analysis of the debate at the religious legal and political level sparked off by the introduction of new biomedical technologies cloning genetics organ transplants IVF etc in Muslim countries It compares the positions of classic Muslim law and contemporary religious authorities laws in Muslim countries the attitudes and concrete behaviour of populations families and individuals as well as the regulations of medical associations bioethics committees etc The result is a mosaic of positions which are often different including from the point of view of ethics but all in pursuit of legitimisation according to the Koran and the Shari a The work has an interdisciplinary approach drawing on law sociology anthropology politics and the history of science For this reason it will be of interest to scholars and operators in a wide variety of disciplines and fields

Perspectives on Abortion Achdé,1985 No descriptive material is available for this title Abortion in Psychosocial Perspective Henry Philip David,1978 **Medical Ethics** Raimondo G. Russo,2024-02-28 Medical practitioners have always been expected to abide by certain standards of conduct and uphold certain values more or less throughout the world In this book besides discussing specific ethical issues the author ponders questions such as the right to life and the integrity of the human person Ethics in medicine takes account of the principles that underlie the best decisions particularly in unusual circumstances such as a pandemic Many of these are enshrouded in the oaths most doctors take the Hippocratic Oath is perhaps the best known and has influenced numerous others over the centuries However these principles and the resulting conduct have taken different directions at various moments in history and in different parts of the globe though always primarily oriented to the protection of human health The author compares some interesting similarities and differences tracing the main social legal and religious attitudes in what has come to be known as medical ethics with all its benefits to Mankind Alongside basic human dignity four main values have been pivotal in medical ethics Caring for sick people putting their well being at the center of concern and doing good Not causing harm never making a patient take risks and never prescribing a doubtful treatment Fairness treating all patients in accordance with their health needs never favoring or neglecting anyone on the basis of background occupation etc Self determination the patient can be informed about treatments and when possible should approve the prescriptions The doctor must show empathy respect for confidentiality and responsibility Briefly this overview of the medical profession s ethics focuses on experience principles aims virtues and above all the basic rules which in various places through the centuries have governed the tortuous paths of Mankind Written by an acclaimed expert in the field this book is of value for all those working in healthcare and people interested in its ethics

New Perspectives in Moral Theology Charles E. Curran,1976 *Sex in Development* Vincanne Adams, Stacy Leigh Pigg,2005-05-03 Ethnographic studies of the role of sexuality and gender in development discourse and policy *Birth control in its medical, social, economic and moral aspects* Sigard Adolphus Knopf,1917 Teaching Sexuality and Religion in Higher Education Darryl W. Stephens, Kate Ott,2020-04-19 This volume combines insights from secular sexuality education trauma studies and embodiment to explore effective strategies for teaching sexuality and religion in colleges universities and seminaries Contributors to this volume address a variety of sexuality related issues including reproductive rights military prostitution gender fidelity queerness sexual trauma and veiling from the perspective of multiple religious faiths Christian Jewish and Muslim scholars present pedagogy and classroom strategies appropriate for secular and religious institutional contexts By foregrounding a combination of perspective transformation and embodied learning as a means of increasing students appreciation for the varied social psychological theological and cultural contexts in which attitudes to sexuality develop the volume posits sexuality as a critical element of teaching about religion in higher education This book will be of great interest to graduate and postgraduate students researchers academics and libraries in the fields of Religious Studies
