equipping children with skills and inspiration that extend far beyond the classroom Passionate teaching transforms English from a subject to an experience where students discover the joy of words the power of storytelling and the beauty of expression And children who love learning inspire teachers Michelle Nicholson Student Perspectives on School ,2017-01-01 In order to increase knowledge and understanding of educational settings as inclusive communities we strive to understand what supports inclusion as well as to critique barriers Increasingly we are seeking to understand inclusion from the inside from the perspective of the students Article 12 of the United Nations Convention on the Rights of the Child upholds children s rights to express their views in matters that affect them and to have those views taken into consideration and acted upon that is actively included in decision making A serious consideration of Article 12 involves two rights the right to

express a view and the right to have those views given due weight In this volume we will share a compilation of research from Aotearoa New Zealand and beyond that aimed to access and listen to the views of students We have brought together voices of students from different educational contexts seeking their perspectives on learning wellbeing disciplinary procedures literacy intervention and what makes schools good

Language, Education, and Ideology Timothy Reagan, 2002-11-30

Language educators in general and foreign language educators in particular need to be aware of and sensitive to issues related to the interface and nexus of language education and ideology This work places foreign language education in its social context as well as applying critical pedagogy to the foreign language classroom to help educators become more aware of the social political historical and economic contexts in which they work and which effect the classroom setting Research and scholarship in critical pedagogy is impressive extensive and powerful and has had significant impact on nearly every aspect of contemporary educational scholarship One area in which critical theory and critical pedagogy have been slow to have a noticeable effect however is that of language education especially foreign language education Further while a number of important works address issues of critical literacy there are no general works presenting critical perspectives on language and language issues targeting classroom teachers and other educators This work offers a broad and comprehensive overview of language and linguistic issues that emerge in the classroom context from a critical philosophical perspective The central focus is on the nexus of issues of language education and ideology as the title suggests and specific topics covered will include language and power linguistic purism the marginalization of second language education in the United States the phenomenon of ideological monolingualism in the United States the hierarchy of the less commonly taught languages both in terms of its etiology and the ideological and hegemonic functions this hierarchy serves nonmainstream language varieties in school settings issues of linguistic legitimacy in the classroom context the politics and ideological context of bilingual education in the United States language policy both as a tool for oppression and as a means of empowerment and finally the need for critical language awareness on the part of all educators
