Google Maps Goodreads Choice Guide:

Reference and Information Services Melissa A. Wong, Laura Saunders, 2024-08-22 Written as a textbook for LIS students taking reference courses this fully updated and revised seventh edition of Reference and Information Services An Introduction also serves as a helpful handbook for practitioners to refamiliarize themselves with particular types and formats of sources and to refresh their knowledge on specific service topics The first section grounds the rest of the textbook with an overview of the foundations of reference and an introduction to the theories values and standards that guide reference service The second section provides an overview of reference services and techniques for service provision establishing a foundation of knowledge on reference service and extending ethical and social justice perspectives The third part offers an overview of the information life cycle and dissemination of information followed by an in depth examination of information sources by type as well as by broad subject areas Finally the concluding section guides the reader through the process of developing and maintaining their own vision of reference practice This textbook is essential reading for all preservice and working librarians particularly those concerned with ethical and social justice perspectives on reference work

Digital Dominance Martin Moore, Damian Tambini, 2018 Across the globe Google Amazon Facebook Apple and Microsoft have accumulated power in ways that existing regulatory and intellectual frameworks struggle to comprehend A consensus is emerging that the power of these new digital monopolies is unprecedented and that it has important implications for journalism politics and society It is increasingly clear that democratic societies require new legal and conceptual tools if they are to adequately understand and if necessary check the economic might of these companies Equally that we need to better comprehend the ability of such firms to control personal data and to shape the flow of news information and public opinion In this volume Martin Moore and Damian Tambini draw together the world's leading researchers to examine the digital dominance of technologies platforms and look at the evidence behind the rising tide of criticism of the tech giants In fifteen chapters the authors examine the economic political and social impacts of Google Amazon Facebook Apple and Microsoft in order to understand the different facets of their power and how it is manifested Digital Dominance is the first interdisciplinary volume on this topic contributing to a conversation which is critical to maintaining the health of democracies across the world

Marketing and Social Media Lorri Mon, Christie Koontz, 2020-12-07 Marketing and Social Media A Guide for Libraries Archives and Museums Second Edition is a much needed guide to marketing for libraries archives and museum professionals in the social media age This book serves as both an introductory textbook and as a guide for working professionals interested in developing well planned evidence based marketing campaigns Chapters cover coordinating efforts with the organization's mission goals and objectives how to do a SWOT analysis and environmental scanning the use of existing data as well as issues in collecting additional data how to identify and involve stakeholders a 4 step marketing model considerations of price placement product and promotion market research understanding customer
