

A woman with long, wavy red hair is shown from the chest up, resting her head against the back of a wooden chair. She is wearing a grey, textured knit sweater. Her eyes are closed, and her expression is one of exhaustion or stress. The background is blurred, showing what appears to be a desk or table with some papers and a pen. The overall lighting is warm and soft.

The Hacking of the American Mind Robert H. Lustig, 2018-09-18 Explores how industry has manipulated our most deep seated survival instincts David Perlmutter MD Author 1 New York Times bestseller Grain Brain and Brain Maker The New York Times bestselling author of Fat Chance reveals the corporate scheme to sell pleasure driving the international epidemic of addiction depression and chronic disease While researching the toxic and addictive properties of sugar for his New York Times bestseller Fat Chance Robert Lustig made an alarming discovery our pursuit of happiness is being subverted by a culture of addiction and depression from which we may never recover Dopamine is the reward neurotransmitter that tells our brains we want more yet every substance or behavior that releases dopamine in the extreme leads to addiction Serotonin is the contentment neurotransmitter that tells our brains we don't need any more yet its deficiency leads to depression Ideally both are in optimal supply Yet dopamine evolved to overwhelm serotonin because our ancestors were more likely to survive if they were constantly motivated with the result that constant desire can chemically destroy our ability to feel happiness while sending us down the slippery slope to addiction In the last forty years government legislation and subsidies have promoted ever available temptation sugar drugs social media porn combined with constant stress work home money Internet with the end result of an unprecedented epidemic of addiction anxiety depression and chronic disease And with the advent of neuromarketing corporate America has successfully imprisoned us in an endless loop of desire and consumption from which there is no obvious escape With his customary wit and incisiveness Lustig not only reveals the science that drives these states of mind he points his finger directly at the corporations that helped create this mess and the government actors who facilitated it and he offers solutions we can all use in the pursuit of happiness even in the face of overwhelming opposition Always fearless and provocative Lustig marshals a call to action with seminal implications for our health our well being and our culture **Annual Report of the Attorney General of the United States** United States. Department of Justice, 1886

Denied: The Dark Truth About American Healthcare Allen Dekeyser, 2025-08-01 Denied The Dark Truth About American Healthcare is a raw emotional and unfiltered exposé that unveils how one of the wealthiest nations on earth consistently fails the people who need care the most From denied cancer treatments to unaffordable life saving medications from mental health abandonment to the silencing of doctors this book holds nothing back Allen DeKeyser survivor and advocate delivers a powerful chapter by chapter journey through the corrupt profit first machine that is American healthcare With real stories brutal truths and an unwavering call to action Denied speaks for the millions left behind buried in bills or gone too soon This book is not just a warning It's a weapon And it belongs in the hands of anyone who still believes healthcare is a human right *Hacking Humanity* Lara Lewington, 2025-07-10 No one explains cutting edge technology more clearly than Lara LORRAINE KELLY Brilliantly written separates the nonsense from the evidence RUSSELL FOSTER bestselling author of Life Time Extraordinarily helpful DAMIAN HUGHES bestselling author and host of High Performance

DISCOVER HOW NEW TECHNOLOGY CAN MAKE YOU HEALTHIER FOR LONGER In Hacking Humanity technology journalist Lara Lewington takes us to the cutting edge of scientific research to demystify how new innovations are transforming our healthcare for the better Drawing us into the science behind the world s healthiest people from the Blue Zones to Silicon Valley while experimenting with the new technology already available she examines the real challenges ahead and how we can overcome them This holds the power to significantly increase the amount of time we spend living in good health and may boost our lifespans in the process too Discover how you can harness the power of data to start improving and protecting your future health right now and learn how the world s leading experts are developing technologies that will help us all enjoy more of our lives in the years to come Time, Law, and Change Sofia Ranchordás, Yaniv Roznai, 2020-04-16 Offering a unique perspective on an overlooked subject the relationship between time change and lawmaking this edited collection brings together world leading experts to consider how time considerations and social political and technological change affect the legislative process the interpretation of laws the definition of the powers of the government and the ability of legal orders to promote innovation Divided into four parts each part considers a different form of interaction between time and law and change The first part offers legal theoretical and historical perspectives on the relationship between time and law and how time shaped law and influences legal interpretation and constitutional change The second part offers the reader an analysis of the different ways in which courts approach the impact of time on law as well as theoretical and empirical reflections upon the meaning of the principle of legal certainty legitimate expectations and the influence of law over time The third part of the book analyses how legislation and the legislative process addresses time and change and the various challenges they create to the legal order The fourth and final part addresses the complex relationship between fast paced technological change and the regulation of innovations **Visions of Invasion** Michael Lechuga, 2023-03-02 Visions of Invasion Alien Affects Cinema and Citizenship in Settler Colonies explores how the US government mobilizes media and surveillance technologies to operate a highly networked multidimensional system for controlling migrants Author Michael Lechuga focuses on three arenas where a citizenship control assemblage manufactures alienhood Hollywood extraterrestrial invasion film federal antimigration and border security legislation and various immigration enforcement protocols implemented along the Mexico United States border Building on rhetorical studies settler colonial studies and media studies Visions of Invasion offers a glimpse at how the processes of alien making contribute to an ongoing settler colonial project in the US Lechuga demonstrates that popular films The War of the Worlds Predator Men in Black and more participate in the production of migrants as subjective terrorists felons and other noncitizen personae vilified in public discourse Beyond just tracing how alien invasion narratives circulate in popular media Lechuga describes how the logics motivating early US colonists materialize in both the US s citizenship control policy and in some of the country s most popular texts Beneath each of the film franchises and antimigrant political expressions described in Visions of Invasion lies

an anxious colonial logic in which the settler way of life is seemingly threatened by false narratives of imminent invasion from abroad The volume offers a deep dive into how the rhetorical figure of the alien has been manufactured as a political subjectivity one that plays out the anxieties guilts and fears of colonialism in today s science fiction landscape *French and American Claims Commission* ,1885 **The Biology of Greatness** Daniel Bissonnette, The BIOLOGY of GREATNESS is a one of a kind blueprint to upgrading your health optimizing your brain power so that you can achieve your wildest dreams You ll receive Over 17 chapters that will teach you Top athletes 1 hack 30 life changing recipes Get the best night s sleep even when traveling Eliminate stress brain fog jetlag Build an indestructible immune system Top 20 genius deactivators And much more Over 30 delicious recipes that will upgrade your brain power including genius cakes ice creams pies smoothies salads soups much more Every recipe in this book is gluten free refined sugar free optimized to upgrade your biology
