The Scope of Drug Abuse in Puerto Rico--supply and Demand Reduction United States. Congress. House. Select Committee on Narcotics Abuse and Control,1979

Sell High-Ticket Offers With Confidence: The Expert Positioning Method That Works Ahmed Musa ,2025-05-24 Selling high ticket offers isn t about fancy funnels or smooth talk It s about positioning and confidence that makes people say Shut up and take my money Sell High Ticket Offers With Confidence The Expert Positioning Method That Works is your step by step guide to owning your value commanding premium prices and closing big deals without begging chasing or discounting You don t need to be a guru You just need to look sound and show up like the expert you already are Inside you ll discover The Confidence Conversion method that turns expertise into income How to position yourself so clients expect to pay more and feel good about it What to say and not say when selling high ticket offers Why confidence beats persuasion and how to build unshakable belief in your value The simple offer structure that makes premium pricing feel like a no brainer If you re tired of selling yourself short If you know you re worth more but struggle to say it with your chest If you want clients who respect your price and crave your solution This is the blueprint Because high

ticket sales don't come from hustle. They come from how you show up. Alternative Healing in American History Michael Shally-Jensen, 2019-07-19 This book examines alternative healing practices in American popular culture. From traditional folk approaches to more recent developments, it discusses the rise and fall of more than 100 popular approaches to addressing both physical ailments and mental health needs. Offering insightful accounts of everything from aging prevention to voodoo Santería, *Alternative Healing in American History* is an encyclopedia from acupuncture to yoga, situating each popular approach in the history and culture of health and wellness in America. Moreover, the book shows that orthodox medicine and unconventional approaches may have more in common than many people think because both are subject to the changing nature of the medical understanding and the strength of their appeal to consumers. While the main focus is on remedies lying outside the medical mainstream, the book also highlights how many widely accepted therapeutic treatments of the past, for example, the water cure, hydrotherapy, or lobotomy/psychosurgery, fell out of favor and were quickly forgotten. Besides examining popular healing techniques, the book also explores the changing nature of the medical marketplace and how once standard treatments, e.g., leeching, psychoanalysis, have had their ups and downs. The book comprises five chronological sections covering time periods from pre-1900 to the present. **Maternal & Child Health Nursing** Adele Pillitteri, 2010

Growing research shows that many children from immigrant and refugee families are not doing well in school due in part to linguistic and cultural disadvantages. Teaching dual language learners requires cultural sensitivity, an understanding of language acquisition, and intentional teaching strategies. Combining research and techniques, this resource helps early childhood educators support dual language learners as they develop the skills necessary for school readiness and success.

Feeding the Starving Mind Doreen A. Samelson, 2009 In *Feeding the Starving Mind*, a clinical psychologist and eating disorder specialist presents a program designed to help the older teen or adult with low weight eating disorders like anorexia nervosa develop healthy eating habits and cope with chronic anxiety. **Understanding Loss** Judith Murray, 2015-09-16

Loss and consequent grief permeates nearly every life-changing event, from death to health concerns to dislocation to relationship breakdown to betrayal to natural disaster to faith issues. Yet while we know about particular events of loss, independently we know very little about a psychology of loss that draws many adversities together. This universal experience of loss as a concept in its own right sheds light on so much of the work we do in the care of others. This book develops a new overarching framework to understand loss and grief, taking into account both pathological and wellbeing approaches to the subject. Drawing on international and cross-disciplinary research, Judith Murray highlights nine common themes of loss, helping us to understand how it is experienced. These themes are then used to develop a practice framework for structuring assessment and intervention systematically. Throughout the book, this generic approach is highlighted through discussing its use in different loss events, such as bereavement, trauma, chronic illness, and with children or older people. Having been used in areas as diverse as child protection, palliative care, and refugee care, the framework can be tailored to a range of needs and

levels of care Caring for people experiencing loss is an integral part of the work of helping professions whether it is explicitly part of their work such as in counselling or implicit as in social work nursing teaching medicine and community work This text is an important guide for anyone working in these areas

Motivational Interviewing Antoine B. Douaihy, Thomas M. Kelly, Melanie A. Gold, 2015-01-02 This work will help you learn about how to engage patients in a discussion about behaviour change Whatever field you pursue patient care will be at the heart of your practice Motivational Interviewing is transforming the way we engage with patients and colleagues alike This manual is ideal for any medical doctors at all levels in their career

Panic Attacks Paul Ianni, 2012-10-01 In *Panic Attacks Why They Were Worth Experiencing* author Paul Ianni talks about his life and what has led to his panic attacks which began at age fifty He hopes that by sharing his experiences others might be able to better understand their own issues He believes that many people don't acknowledge the fact that they have panic attacks they just put on a brave face and ignore them At the height of his panic attacks he was desperate for a miracle cure but he soon discovered that there was no such thing A year after the first panic attack his life was back to normal and it was then that he realised his normal life had always been full of anxiety and fear Using techniques that had previously helped him overcome academic difficulties Paul was able to transform his life from panic and anxiety to peace and love He conquered a lifetime of self doubt and self defeating negativity learning to use his brain in a positive way to defeat his panic attacks These techniques are simple to use and achievable by anyone Combining them with what he has learned about new age thinking *Panic Attacks* share what enabled Paul to turn his life around and offers hope to those suffering under the same troubles

HCI in Games Xiaowen Fang, 2025-06-02 This book constitutes the refereed proceedings of the 7th International Conference on HCI in Games held as part of the 27th International Conference HCI International 2025 which took place in Gothenburg Sweden during June 22-27 2025 The total of 1430 papers and 355 posters included in the HCI 2025 proceedings was carefully reviewed and selected from thousands of submissions The HCI Games 2025 proceedings was organized in the following topical sections Part 1 Gamification UX and Player Behavior Part 2 Identity Emotion and AI in Game Experiences Part 3 Gamified Learning and Design Part 4 Games in Healthcare and Wellbeing

The Guilt Cure Nancy Carter Pennington, Lawrence H. Staples, 2011-09-21 *The Guilt Cure* addresses spiritual and psychological means to treat and expiate guilt and its neurotic counterparts One of the great paradoxes of guilt is that despite its useful contributions to our lives it can also be potentially dangerous It is a major cause of anxiety and depression and if untreated or expiated in some way guilt can be deadly This seminal body of work about the psychological implications of guilt reaches deep into humanity's collective experience of guilt and finds persuasive psychological reasons for guilt's role and purpose that go far beyond conventionally held religious explanations The conventional view is that guilt's primary function is the protection and maintenance of morals While guilt admittedly contributes to the protection and maintenance of morals this is by no means its only role Nor is it even its most important role Guilt is complicated and paradoxical It serves the psyche and life itself in a

number of ways beyond its role in the protection of conventional morality The Guilt Cure examines the many faces of guilt including its more important function in the creation and maintenance of consciousness its place in the self regulatory system of the psyche its effects on our psychological development and its impact on our mental health and wellbeing **Influential Papers from the 1940s** R.D. Hinshelwood, 2018-06-12 The 1940s was a time of great change in the psychoanalytic world The war sounded a deathblow to continental European psychoanalysis and the death of Freud at first brought uncertainty over the future of psychoanalysis but ultimately led to greater creative freedom in exploring new ideas and theories

Anxiety Relief Deal: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
