George Ritzer's Introduction to Sociology shows students the relevance of sociology to their lives. While providing a rock solid foundation, Ritzer illuminates traditional sociological concepts and theories as well as some of the most compelling contemporary social phenomena: globalization, consumer culture, the digital world, and the McDonaldization of society. With examples on every page from current events and contemporary research and stories about public sociologists who are engaging with the critical issues of today, the text demonstrates the power of sociology to explain the world and the diversity of questions that sociologists seek to answer.

New to this Edition: New Trending boxes focus on influential books written by sociologists that have become part of the public conversation about important issues. Replacing Public Sociology boxes, these boxes demonstrate the diversity of sociology's practitioners, methods, and subject matter and feature such authors as Michelle Alexander, The New Jim Crow; Elizabeth Armstrong and Laura Hamilton, Paying for the Party; Randol Contreras, The Stick Up Kids; Matthew Desmond, Evicted; Kimberly Hoang, Dealing in Desire; Arlie Hochschild, Strangers in Their Own Land; Eric Klinenberg, Going Solo; C. J. Pascoe, Dude You're a Fag; Lori Peek and Alice Fothergill, Children of Katrina; Allison Pugh, The Tumbleweed Society. Updated examples in the text and Digital Living boxes keep pace with changes in digital technology and online practices, including Uber, bitcoin, net neutrality, digital privacy, WikiLeaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues, including the 2016 U.S. election, Brexit, the global growth of ISIS, climate change, President Trump's proposed Mexican border wall, further segmentation of wealthy Americans in the super rich, transgender people in the U.S., armed forces charter schools, the legalization of marijuana, the Flint water crisis, fourth wave feminism.
