Virtual Mental Health Care for Rural and Underserved Settings Donald M. Hilty, Matthew C. Mishkind, Tania S. Malik, Allison Crawford, 2022-10-26 This book focuses on the critical area of delivering mental health services in rural settings. It is designed as a practical guide to the technological provision of timely effective evidence based care helpful to the novice and the experienced practitioner alike. The benefits of this approach are Improved access to and improved quality of care. Technical support for providers and administrators. A means of providing missing specialty care. An ability to maximize scarce resources and significant flexibility for health service delivery. The book will cover how to adjust therapeutic skills to patients needs models of care and the particular technology used. It shows how rudimentary design of workflow can assist in integrating care and highlights the importance of allowing for cultural needs both rural geography and ethnic race. Administrative issues are also addressed e.g. privacy reimbursement. The chapters are short and designed for maximum practicality including learning objectives cases and summaries emphasizing what to do and how to do it.

Consultation and Mental Health Interventions in School Settings Ester Cole, Maria Kokai, 2021-11-30 Optimize the delivery of school psychology services with this book. Presents a unique consultation and intervention model. Interlinks primary secondary and tertiary prevention and intervention applications. Addresses specific student and school level needs. Online resources and handouts. More about the book. This volume written by leading psychology practitioners and academics has been designed to meet the ever growing challenges faced by educational systems to address the mental health learning and socialization needs of students. Using a unique and comprehensive consultation and intervention model the chapters provide evidence based guidance that interlinks primary secondary and tertiary prevention and intervention applications that allow for systematic consultation planning and cost effective services. The clear and easy to apply model is used to look at specific student needs that are commonly encountered in schools e.g. depression ADHD giftedness and at issues that require school level interventions e.g. diversity promoting resilience. Practitioners will appreciate the numerous downloadable practical resources and tools for hands on applications that are available online to purchasers of the book. This book is an invaluable resource for school psychologists and mental health service providers as well as for academics involved in training pre service practitioners. Self-Help in Mental Health T. Mark Harwood, Luciano L'Abate,2009-11-24 Self help is big business but alas not a scientific business The estimated 10 billion that is spent each year on self help in the United States is rarely guided by research or monitored by mental health professionals Instead marketing and metaphysics triumph The more outrageous the miraculous cure and the revolutionary secret the better the sales Of the 3 000 plus self help books published each year only a dozen contain controlled research documenting their effectiveness as stand alone self help Of the 20 000 plus psychological and relationship web sites available on the Internet only a couple hundred meet professional standards for accuracy and balance Most in fact sell a commercial product Pity the layperson or for that matter the practitioner trying to navigate the self help morass We are bombarded with thousands of potential resources and contradictory advice Should we seek wisdom in a self help book an online site a 12 step group an engaging autobiography a treatment manual an inspiring movie or distance writing Should we just do it or just say no Work toward change or accept what is Love your inner child or grow out of your Peter Pan I become confused and discouraged just contemplating the choices
