The Idea of Being Indians and the Making of India George Varugheese, 2013-06 The book The Idea of Being Indians and the Making of India is a must read for all Indians It informs them why India is a colony of its middle class who keeps the 80 percent of the population out of the benefits of all economic planning and development The answer is that the struggle for India's freedom was waged by its middle class leaders only to drive the British out of power and not to get rid of the feudal fascist governance structures of administration judiciary and police which were crushing us according to Nehru's admission in his book The Discovery of India These crushing structures our leaders themselves took over and had the taste of the power and pelf that flowed and their feast still continues while the nation gets the human development ranking at 136 among 187 nations according to the latest Human Development Report released by the UNDP in March 2013 The book narrates in lucid language that the noble and highly egalitarian missions of the Indian Republic contained in the Preamble to the Constitution of India could not be translated into experiential comforts for people of this country only because they were not compatible with the feudal fascist revenue collection oriented structures inherited from the British The book argues that when leaders who after making a set of highly republican and democratically oriented development objectives for their country adopt them as the Preamble to the Constitution of India instead of creating relevant democratic republican governance structures to implement they deliberately pick up the regressive feudal fascist governance structures used by the colonial government for their selfish ends It is tantamount not only to a political scam but to a spiritual one The author gives a twelve point sarvodaya good governance model as remedy to these strategic errors of our founding fathers and for making a resurgent India with the help of the mission statements of the Indian Republic enshrined in the Preamble to the Constitution of India The author argues that the mission statements in the Preamble to the Constitution of India contain the idea of being Indians of a healthy prosperous and peaceful society at total or 100 percent population level The making of India of such a society is in the hands of the people of India especially the youth

The Politics of Ideas and the Spread

of Enterprise Zones Karen Mossberger,2000 This book explores how policy ideas are spread or diffused in an age in which policymaking has become increasingly complex and specialized Using the concept of enterprise zones as a case study in policy diffusion Karen Mossberger compares the process of their adoption in Virginia Indiana Michigan New York and Massachusetts over a twelve year period Enterprise zones were first proposed by the Reagan administration as a supply side effort to reenergize inner cities and they were eventually embraced by liberals and conservatives alike They are a compelling example of a policy idea that spread and evolved rapidly Mossberger describes the information networks and decisionmaking processes in the five states assessing whether enterprise zones spread opportunistically as a mere fad or whether well informed deliberation preceded their adoption *Maximum PC* ,2005-04 *Maximum PC* is the magazine that every computer fanatic PC gamer or content creator must read Each and every issue is packed with punishing product reviews insightful and innovative how to stories and the illuminating technical articles that enthusiasts crave Building Next-Generation Converged Networks Al-Sakib Khan Pathan,Muhammad Mostafa Monowar,Zubair Md.
