AI for the Good Stefan H. Vieweg, 2021-04-24 While technology advances at a high pace in the age of machine learning there is a lack of clear intent and framing of acceptable ethical standards This book brings together the complex topic of good technology in a cross functional way alternating between theory and practice The authors address the ever expanding discussion on Artificial Intelligence AI and ethics by providing an orientation Pragmatic and recent issues are especially taken into account such as the collateral effects of the COVID19 pandemic An up to date overview of digitization already a very broad field in itself is presented along with an analysis of the approaches of AI from an ethical perspective Furthermore concrete approaches to consider appropriate ethical principles in AI based solutions are offered The book will be appealing to academics from humanities or business or technical disciplines as well as practitioners who are looking for an introduction to the topic and an orientation with concrete questions and assistance

Rules of the Road for Nonprofit Leaders Elizabeth M. Schmidt, 2025-08-01 A reframing of the legal profession for nonlawyers aiming to lead nonprofits more effectively Although the United States has the most robust nonprofit sector in the world the rules governing it are convoluted and often paralyze those who are trying to change the status quo Nonprofit leaders deserve rules that are clearly laid out explaining what they can and should do to achieve their missions rather than emphasizing only what is forbidden Rules of the Road for Nonprofit Leaders offers a translation of the nonprofit legal framework into terms that can be more easily understood by nonlawyers Schmidt provides a different lens through which nonprofit leaders can see more clearly how these laws can be more responsive to the changing needs of the nonprofit sector and of society This book shows nonprofit leaders board members and volunteers how nonprofit law relates to all aspects of nonprofit management
