Albert Camus Olivier Todd, 2011-09-07 Drawing on personal correspondence notebooks and public records never before tapped as well as interviews with Camus's family friends fellow workers writers mentors and lovers here is the enormously engaging vibrant and richly researched biography of the Nobel Prize winning author Todd shows us a Camus who struggled all his life with irreconcilable conflicts between his loyalty to family and his passionate nature between the call to political action and the integrity to his art between his support of the native Algerians and his identification with the forgotten people the poor whites A very private man Camus could be charming and prickly sincere and theatrical genuinely humble yet full of great ambition Todd paints a vivid picture of the time and place that shaped Camus his impoverished childhood in the Algerian city of Belcourt the sea and the sun and the hot sands that he so loved he would always feel an exile elsewhere and the educational system that nurtured him We see the forces that lured him into communism and his attraction to the theater and to journalism as outlets for his creativity The Paris that Camus was inevitably drawn to is one that Todd knows intimately and he brings alive the war years the underground activities that Camus was caught up in during the Occupation and the bitter postwar period as well as the intrigues of the French literati who embraced Camus after his first novel *L'Etranger* was published Todd is also keenly attuned to the French intellectual climate and as he takes Camus's measure as a successful novelist journalist playwright and director literary editor philosopher he also reveals the temperament in the writer that

increasingly isolated him and crippled his reputation in the years before his death and for a long time after He shows us the solitary man behind the mask debilitated by continuing bouts of tuberculosis constantly drawn to irresistible women and deeply troubled by his political conflicts with the reigning French intellectuals particularly by the vitriol of his former friend Sartre over the Algerian conflict Filled with sharp observations and sparkling with telling details here is a wonderfully human portrait of the Nobel Prize winning writer who died at the age of forty six and who remains one of the most influential literary figures of our time
