Inclusiveness Beyond the (Non)binary in Romance Languages Gláucia V. Silva, Cristiane Soares, 2024-04-10 Inclusiveness Beyond the Non binary in Romance

Languages Research and Classroom Implementation explores both research and best practices related to inclusive language so that all students regardless of gender identity may be active participants in their language learning communities. Given the binary nature of Romance language grammars, it is essential that scholarly inquiry into issues related to non-binarism be further developed and become more visible, and this volume aims to embed the issue of linguistic inclusivity within broader conversations surrounding social justice to ensure that conversations do not stop with mere linguistic changes. The book is divided into two parts: the first focuses on research related to inclusive and nonbinary forms in Romance languages, while the second highlights teaching practices and encompasses inclusive approaches that go beyond the nonbinary. Although the volume focuses on Romance languages, most if not all of the content is applicable to other linguistic contexts. This volume also goes beyond issues of gender inclusivity and includes content that leads to a reflection on issues of equity and social justice more broadly. This edited volume is a resource for scholars whose research focuses on inclusive language and for educators who are interested in learning more about why and how to foster inclusiveness in their language classrooms and in their workplaces.

The Anti-Ableist Manifesto Tiffany Yu, 2024-10-08. Tiffany Yu takes readers on a revelatory examination of disability, how to unpack biases, and build an inclusive and accessible world. As the Asian American daughter of immigrants living with PTSD and sustaining a permanent arm injury at age nine, Tiffany Yu is well aware of the intersections of identity that affect us all. She navigated the male-dominated world of corporate finance as an investment banker at Goldman Sachs before founding Diversability, an award-winning community business run by disabled people, building disability pride, power, and leadership, and creating the viral Anti-Ableism series on TikTok. Organized from personal to professional, domestic to political, Me to We to Us, The Anti-Ableist Manifesto frames context for conversations, breaks down the language of ableism, identifies microaggressions, and offers actions that lead to authentic allyship. How do we remove ableist language from our daily vocabulary? How do we create inclusive events? What are the advantages of hiring disabled employees, and what market opportunities are we missing out on when we don't consider disabled consumers? With contributions from disability advocates, activists, authors, entrepreneurs, scholars, educators, and executives, Yu celebrates the power of stories and lived experiences to foster the proximity, intimacy, and humanity of disability identities that have far too often been othered and rendered invisible.
