Supplemental Nutrition Assistance Program United States. Congress. House. Committee on Agriculture. Subcommittee on Nutrition, United States. Congress. House. Committee on Agriculture, 2015 SNAP Matters Judith Bartfeld, Craig Gundersen, Timothy Smeeding, James P. Ziliak, 2015-11-25 In 1963 President Kennedy proposed making permanent a small pilot project called the Food Stamp Program FSP By 2013 the program's fiftieth year more than one in seven Americans received benefits at a cost of nearly 80 billion Renamed the Supplemental Nutrition Assistance Program SNAP in 2008 it currently faces sharp political pressure but the social science research necessary to guide policy is still nascent In SNAP Matters Judith Bartfeld Craig Gundersen Timothy M Smeeding and James P Ziliak bring together top scholars to begin asking and answering the questions that matter For example what are the antipoverty effects of SNAP Does SNAP cause obesity Or does it improve nutrition and health more broadly To what extent does SNAP work in tandem with other programs such as school breakfast and lunch Overall the volume concludes that SNAP is highly responsive to macroeconomic pressures and is one of the most effective antipoverty programs in the safety net but the volume also encourages policymakers students and researchers to continue examining this major pillar of social assistance in America

Does SNAP Decrease Food Insecurity? Mark Nord, 2009 Self selection by more food needy households into the Supplemental Nutrition Assistance Program SNAP formerly called the Food Stamp Program makes it difficult to observe positive effects of the program in survey data This study investigates self selection and ameliorative program effects by examining households food security month by month for several months prior to initial receipt of SNAP benefits and for several months after joining the program Food security is observed to deteriorate in the 6 months prior to beginning to receive SNAP benefits and to improve shortly after The results clearly demonstrate the self selection by households into SNAP at a time when they are more severely food insecure Charts and tables **Clearinghouse Review** , 2011-11
