Robert A. Pyne, Joni Grace Powers, 2007-09-04 Life with God is a huge gulp of fresh air Our existence as children of God should reflect unending unbounded delight in the infinite glory of our Father Too often this is not the case in our lives as we stagger far from God's expansive vision But hope reigns God has promised abundant life brightly illuminated with His glory In LifeSpace Joni Powers and Bob Pyne write for all who want to experience anew the life giving breath of the Creator They encourage readers to embrace the gift of expansive life that God is offering to each of us This is only realized they explain as we properly understand the person of God our relationship with Him and the radical freedom of grace This visionary book is a life altering call to a way of being that results in transformation with every breath Come and join the conversation with those seeking lives that delight in God a place of transcendent rest and a limitless horizon of possibility *Fail U.* Charles J. Sykes, 2016-08-09 The cost of a college degree has increased by 1 125% since 1978 four times the rate of inflation Total student debt has surpassed 1 3 trillion Nearly two thirds of all college students must borrow to study and the average student graduates with more than 30 000 in debt Many college graduates under twenty five years old are unemployed or underemployed And professors remember them rarely teach undergraduates at many major universities instead handing off their lecture halls to cheaper teaching assistants So is it worth it That's the question Charles J Sykes attempts to answer in Fail U exploring the staggering costs of a college education the sharp decline in tenured faculty and teaching loads the explosion of administrative jobs the grandiose building plans and the utter lack of preparedness for the real world that many now graduates face Fail U offers a different vision of higher education one that is affordable more productive and better suited to meet the needs of a diverse range of students and one that will actually be useful in their future careers and lives
