The Forgotten History of African American Baseball Lawrence D. Hogan, 2014-01-27 This text gives readers the chance to experience the unique character and personalities of the African American game of baseball in the United States starting from the time of slavery through the Negro Leagues and integration period and beyond For 100 years African

Americans were barred from playing in the premier baseball leagues of the United States where only Caucasians were allowed. Talented black athletes until the 1950s were largely limited to only playing in Negro leagues or possibly playing against white teams in exhibition post season play or barnstorming contests if it was deemed profitable for the white hosts. Even so the people and events of Jim Crow baseball had incredible beauty richness and quality of play and character. The deep significance of Negro baseball leagues in establishing the texture of American history is an experience that cannot be allowed to slip away and be forgotten. This book takes readers from the origins of African Americans playing the American game of baseball on southern plantations in the pre Civil War era through Black baseball and America's long era of Jim Crow segregation to the significance of Black baseball within our modern day post Civil Rights Movement perspective.

Buy American Dana Frank, 2000-04-07 With the election of Donald Trump economic nationalism has re-emerged as a patriotic rallying cry. But are imports and foreigners really to blame for the disappearance of good jobs in the United States? Tracing the history and politics of economic nationalism from the American Revolution to the present, historian Dana Frank investigates the long history of Buy American campaigns and their complexities. This entertaining story is full of surprises including misguided heroes, chilling racism, and more than a few charlatans. Frank helps reframe the debate between free trade on the one hand and nationalism on the other to suggest alternative strategies that would serve the needs of working Americans instead of the interests of corporations and economic elites and that don't cast foreigners or immigrants as our enemies.
