Beckman,2020-01-20 This is a book that women can relate to This story as told by the author is about herself as a professional woman wife and mother struggling in male dominant environment where she is constantly reminded that a true leader plays by the good ol boy rules Early in her experience she was trained to think and act as a professional man when leading a team As her career progresses this trait does not work but impacts her ability to relate to colleagues and direct reports As she works to change her leadership style she begins to understand how important knowing your brand is in defining your strengths and opportunities But knowing this and making action are two separate things impacting her ability to be successful In this book you will learn about her struggles and what she did to change direction to protect her brand balance her work and life priorities and how she dealt with failure **More or Less** Jeff Shinabarger,2013-03-01 In More or Less Jeff Shinabarger calls readers to create their own social experiments to answer the question What is enough It all started with one idea What would happen if we created a culture in which we gave away whatever was more than enough for us How would our habits change if we shed the excess of money clutter and food in our lives In More or Less readers will learn how to draw a line of enough in their consumer choices how to see generosity as a chance to experience freedom in a greedy world and how to make small changes now that will help others forever As Shinabarger reminds them defining enough is more than a responsibility it is an opportunity to give hope With a foreword by Bob Goff **Forced to Scream** Rose Rough,2023-12-01 Three stories of young women made to do very bad things Stories include Forced at Thanksgiving Forced on Black Friday Forced to Love It with 3 Strangers Dubcon Dubious Consent Taboo Forced Submission Sex Hardcore Rough Sex Erotica Box Set Erotica collection Erotica Short Story Short Erotica Story Older Man Younger Woman Age gap Age difference First Time Ganged Gangbang Gangbanged Group Sex Menage New Adult **State of the World 2010** Worldwatch Institute,2013-07-04 Many of the environmental and social problems we face today are symptoms of a deeper systemic failing a dominant cultural paradigm that encourages living in ways that are often directly counter to the realities of a finite planet This paradigm typically referred to as consumerism has already spread to cultures around the world and has led to consumption levels that are vastly unsustainable If this pattern spreads further there will be little possibility of solving climate change or other environmental problems that are poised to dramatically disrupt human civilization It will take a sustained long term effort to redirect the

traditions social movements and institutions that shape consumer cultures towards becoming cultures of sustainability These institutions include schools the media businesses and governments Bringing about a cultural shift that makes living sustainably as natural as a consumer lifestyle is today will not only address urgent crises like climate change it could also tackle other symptoms like extreme income inequity obesity and social isolation that are not typically seen as environmental problems State of the World 2010 paints a picture of what this sustainability culture could look like and how we can and already are making the shift
