Mohrmann, Mark J. Hanson, 1999 As medical science continues its rapid advances questions are raised that have more to do with theology than with technology Where is God when I am hurt or suffering What role does God play in my healing Pain Seeking Understanding examines how believers and nonbelievers alike wrestle with questions of faith when confronted with pain and suffering that medicine alone cannot treat Margaret Mohrmann and Mark Hanson call upon fellow experts in the fields of medicine ethics theology and pastoral care to help them weave the complex story of faith and science working together to ease suffering and to help broaden our understanding of God's role in suffering and healing *Records of the Proceedings and Printed Papers of the Parliament* Australia. Parliament, 1908 From the Divine to the Human Muhammad U. Faruque, Mohammed Rustom, 2023-06-28 Featuring the work of leading contemporary Muslim philosophers and theologians this book grapples with various forms of evil and suffering in the world today from COVID 19 and issues in climate change to problems in palliative care and human vulnerability Rather than walking down well trodden paths in philosophy of religion which often address questions of evil and suffering by focusing on divine attributes and the God world relationship this volume offers another path of inquiry by focusing on human vulnerability potential and resilience Addressing both the theoretical and practical dimensions of the question of evil topics range from the transformative power of love virtue ethics in Sufism and the necessity of suffering to the spiritual significance of the body and Islamic perspectives on embodiment In doing so the contributors propose new perspectives based on various pre modern and contemporary materials that can enrich the emerging field of the global philosophy of religion thereby radically transforming contemporary debates on the nature of evil and suffering The book will appeal to researchers in a variety of disciplines including Islamic philosophy religious studies Sufism and theology
