Personalized Reading Nancy Hobbs, Kristen Sacco, Myra R. Oley, 2010-11-15 This guidebook provides teachers and librarians with methods for collaboratively teaching elementary students to select books they will enjoy and which will further their personal growth and information literacy. Motivating young students to read is instrumental for the development of strong information literacy and communication skills as well as for building a lifelong habit of seeking information and enjoyment through written materials. The authors of *Personalized Reading: It's a Piece of PIE* are three highly experienced teachers, one of whom is a school librarian. This text describes the steps of the PIE program in detail, including chapters on selecting a book, reading it, writing about it, and extending beyond that title. Utilizing the PIE program will teach students to make selections at an appropriate reading level, expand from choosing titles in the same genre or from the same author, and recognize and abandon a book of low interest to them. Within each chapter are explanations of the theories behind each step and practical ideas that teachers and librarians can implement collaboratively in the classroom and library.

Freckle Juice Judy Blume, 2024-11-05 More than anything in the world, Andrew wants freckles. His classmate Nicky has freckles; they cover his face, his ears, and the whole back of his neck. Once sitting behind him in class, Andrew counted eighty-six of them, and that was just a start. One day after school, Andrew screws up enough courage to ask Nicky where he got his freckles. And as luck would have it, who should overhear him but giggling, teasing Sharon, who makes frog faces at everybody. Sharon offers Andrew her secret freckle juice recipe for fifty cents. That's a lot of money to Andrew: five whole weeks' allowance. He spends a sleepless night torn between his desire for freckles and his reluctance to part with such a substantial sum of money. Finally, the freckles win, and Andrew decides to accept Sharon's offer. After school, Andrew rushes home with the recipe tucked into his shoe for safekeeping. He carefully begins to mix the strange combination of ingredients and immediately runs into some unforeseen problems. How Andrew finally manages to achieve a temporary set of freckles, and then isn't sure he really wants them, makes a warm and hilarious story.

It's Me, Margaret*, or *Then Again, Maybe I Won't*. Blume's characters convey how it truly feels to be a teenager facing doubts, fears, and anxiety about life.
