Engaging Students With Disabilities in Remote Learning Environments Huckvale, Manina Urgolo, McNeal, Kelly, 2023-02-24 For students with disabilities the road to engagement in remote learning environments often requires the teacher and learning environment to accommodate their disability as well as build the skills necessary for success in remote learning activities It is imperative that all teachers not only special education teachers be prepared to teach and engage students with disabilities in remote learning platforms Engaging Students With Disabilities in Remote Learning Environments focuses on research based practices as well as case studies relating to ensuring equitable access to remote learning environments for students with disabilities The book also discusses new applications that can benefit students with disabilities strategies for promoting collaboration to increase virtual engagement and a dissemination of best practices and standards that support effectively engaging and promoting student learning for students with disabilities in remote environments Covering topics such as assessment virtual classrooms and teacher development this reference work is ideal for administrators policymakers researchers scholars academicians practitioners educators and students

Learning That Transfers Julie Stern, Krista Ferraro, Kayla Duncan, Trevor Aleo, 2021-03-03 It is a pleasure to have a full length treatise on this most important topic and may this focus on transfer become much more debated taught and valued in our schools John Hattie Teach students to use their learning to unlock new situations Learning That Transfers empowers teachers and curriculum designers alike to harness the critical concepts of traditional disciplines while building students capacity to navigate interpret and transfer their learning to solve novel and complex modern problems Using a backwards design approach this hands on guide walks teachers step by step through the process of identifying curricular goals establishing assessment targets and planning curriculum and instruction that facilitates the transfer of learning to new and challenging situations Key features include Thinking prompts to spur reflection

and inform curricular planning and design Next day strategies that offer tips for practical immediate action in the classroom Design steps that outline critical moments in creating curriculum for learning that transfers Links to case studies discipline specific examples and podcast interviews with educators A companion website that hosts templates planning guides and flexible options for adapting current curriculum documents

PLC+ Douglas Fisher, Nancy Frey, John Almarode, Karen Flories, Dave Nagel, 2019-05-16 What makes a powerful and results driven Professional Learning Community PLC The answer is collaborative work that expands the emphasis on student learning and leverages individual teacher efficacy into collective teacher efficacy PLC Better Decisions and Greater Impact by Design calls for strong and effective PLCs plus and that plus is YOU Until now the PLC movement has been focused almost exclusively on students and what they were or were not learning But keeping student learning at the forefront requires that we also recognize the vital role that you play in the equation of teaching and learning This means that PLCs must take on two additional challenges maximizing your individual expertise while harnessing the power of the collaborative expertise you can develop with your peers PLC is grounded in four cross cutting themes a focus on equity of access and opportunity high expectations for all students a commitment to building individual self efficacy and the collective efficacy of the professional learning community and effective team activation and facilitation to move from discussion to action The PLC framework supports educators in considering five essential questions as they work together to improve student learning Where are we going Where are we now How do we move learning forward What did we learn today Who benefited and who did not benefit The PLC framework leads educators to question practices as well as outcomes It broadens the focus on student learning to encompass educational equity and teaching efficacy and in doing so it leads educators to plan and implement learning communities that maximize individual expertise while harnessing the power of collaborative efficacy
