Brown, Brendan M. Connolly, Personal finance is not usually taught in school which leads to learning most financial lessons by making costly mistakes in the real world Additionally most financial experts are actually salespeople in disguise whom are looking out for their commission rather than your investment While you personally do not need to be an expert having some basic knowledge on personal finance and doing some research will drastically help when making financial decisions This

book will start you in the right direction Personal Finance Under One Hour does not encompass everything there is to learn about personal finance but instead is designed to give you a basic overview in only an hour Let s be honest most people do not have the time to read a 300 page book on any topic but many people can spare an hour Many sources such as books websites and personal mentors have inspired the contents of this book The goal is to sum up the best information these sources offer so you can get the most important points in the least amount of time By reading Personal Finance Under One Hour you will gain the necessary knowledge to expand your financial IQ and make better financial decisions Under One Hour books are broken down into six 10 minute sections making it easier to read and learn on the go Each section contains two or three main topics with sub topics to explore Bold words or phrases are the highlight of the topic or paragraph while italicized words are ideas to be explored further outside of the book Paying with Plastic, second edition David S. Evans, Richard

Schmalensee, 2004-12-17 The definitive account of the trillion dollar payment card industry The payment card business has evolved from its inception in the 1950s as a way to handle payment for expense account lunches the Diners Club card into today s complex sprawling industry that drives trillions of dollars in transaction volume each year Paying with Plastic is the definitive source on an industry that has revolutionized the way we borrow and spend More than a history book Paying with Plastic delivers an entertaining discussion of the impact of an industry that epitomizes the notion of two sided markets those in which two or more customer groups receive value only if all sides are actively engaged New to this second edition the two sided market discussion provides useful insight into the implications of these market dynamics for cardholder rewards merchant interchange fees and card acceptance The authors both of whom have researched the industry for more than 25 years also examine the implications of the recent antitrust cases on the industry as well as other business and technological changes including the massive consolidation brought about by bank mergers the rise of the debit card and the emergence of e commerce that could alter the payment card industry dramatically in the years to come **City Dog** Cricky Long, 2004-11
