From Ideas to Impact Michael Sheldrick, 2024-04-03 NOW IN PAPERBACK. Featuring an Exclusive New Chapter on Entrepreneurship. Accelerate your real world social impact by driving systemic policy changes. As Co Founder of Global Citizen, an international education and advocacy organization with the mission to end extreme poverty worldwide, Michael Sheldrick has worked with governments, businesses, foundations, the artist community, and everyday citizens to distribute over 40 billion around the world over the past decade. Now in From Ideas to Impact: A Playbook for Influencing and Implementing Change in a Divided World, he delivers an inspiring and insightful discussion on how to implement social impact by driving policy change. This book reveals key characteristics of successful policy entrepreneurs: visionaries bridging the gap between promises and real world outcomes; They are practical implementers who put impact first, resisting the urge to pursue the instant dopamine boost that comes from simply winning arguments at all costs; They are connectors and networkers who build diverse coalitions and broker win-win solutions to address our current implementation crisis. An indispensable guide for individual changemakers, philanthropists, corporate social responsibility (CSR) practitioners, environmental, social, and governance (ESG) professionals, policymakers, corporate foundations, and higher education students. From Ideas to Impact: A Playbook for Influencing and Implementing Change in a Divided World features: An overview of pressing challenges to avoid, including an obsession with winning arguments at the expense of results, demands for unwavering tribal loyalty, and a counterproductive aversion to negotiation; An eight-step playbook offering tools to master policy entrepreneurship, foster cooperation, build bridges, and drive policy implementation beyond stagnation, conflict, and polarization; Diverse policy entrepreneurs and examples spanning historical movements like the Transatlantic Slave Trade and FDR's New Deal to contemporary battles for climate justice, coal community transitions, and grassroots gender equality efforts. At its core, this uplifting book instills hope that change is achievable despite our divisions. It showcases how individuals at all levels pursue systemic policy change through united voices, cooperation, and solidarity. Sheldrick equips readers with the tools to craft impactful narratives that can inspire countless more success stories, reinforcing the idea that we are not prisoners of fate and that actual change begins with us.

Developing and Implementing a Public Health and Criminological Approach to Tackling Sexual Abuse Kieran McCartan, Anne Eason, Sarah Senker, Nick Addis, Cody Porter, 2025-08-19. This edited collection draws together and contextualises research on the Epidemiological Criminology (EpiCrim) approaches to sexual abuse carried out by the University of West England (UWE Bristol). EpiCrim sees crime and offending behaviour, including sexual abuse, as a public health issue and advocates that to prevent first-time or repeat offending behaviour, we have to work in a bespoke way across a number of populations: individual, interpersonal, community, and societal. The book introduces the area of EpiCrim and how it

works to address sexual abuse before examining the UWE based research on the prevention treatment and community integration of people impacted by sexual abuse The book discusses policy practice theory and research in this area with the authors reviewing critiquing synthesising as well as building upon previous current research theory and policy
