ESPN 25 Charles Hirshberg, 2004-09-07 When ESPN went on the air in September 1979 the company believed that there was room on television for dedicated sports programming. At the time sports programming was considered a risk and ESPN a maverick. Twenty five years later ESPN is the leader in sports influencing the way we think about sports the way the media covers sports and how we perceive athletes. ESPN has grown from one cable station into a sports empire. ESPN25 the book celebrates the people behind ESPN the sports they cover the athletes that play their hearts out and of course the fans who care. The book includes the Best and Worst of Everything in Sports Over the Past 25 Years an illustrated foldout of the Top 35 Athletes of the Past 25 years the funniest sports quotes of the past 25 years the DVD an intro by Berman Chuck's essay on the Highlights Culture and how it has changed the world of sports over the past 25 years. ESPN Sports Almanac 2006 Gerry Brown, Michael Morrison, 2005-12-01 An Englishman's continuing search through space and time for a decent cup of tea. Arthur Dent's accidental association with that wholly remarkable book *The Hitchhiker's Guide to the Galaxy* has not been entirely without incident. Arthur has traveled the length breadth and depth of known and unknown space. He has stumbled forward and backward through time. He has been blown up reassembled cruelly imprisoned horribly released and colorfully insulted more than is strictly necessary. And of course Arthur Dent has comprehensively failed to grasp the meaning of life the universe and everything. Arthur has finally made it home to Earth but that does not mean he has escaped his fate. Arthur's chances of getting his hands on a decent cuppa have evaporated rapidly along with all the world's oceans. For no sooner has he touched down on the planet Earth than he finds out that it is about to be blown up again. And Another Thing is the rather unexpected but very welcome sixth installment of the *Hitchhiker's Guide to the Galaxy* series. It features a pantheon of unemployed gods everyone's favorite renegade Galactic President a lovestruck green alien an irritating computer and at least one very large slab of cheese. **Cases Adjudged** United States.
