A clear, approachable guide to help readers untangle their relationship with money, understand the systems and inequities that impact them, and reclaim financial independence. Edgar Villanueva, bestselling author of *Decolonizing Wealth: An intersectional approach to personal finance from queer neurodivergent personal finance educator and TikTok star Ellyce Fulmore*. There's no magic formula for being good with money. The perfect budgeting spreadsheet or debt repayment plan will never address the root of your money issues. When Ellyce Fulmore started her journey with personal finance, she was drowning in 35K of debt, had 60 to her name, and avoided looking at her bank account. Her own aha moment came when she realized that the reason she and so many others have struggled with finances has little to do with being bad with money. Instead, it has everything to do with how identity and lived experience affect financial behaviors. Now in *Keeping Finance Personal*, Ellyce offers a shame-free, trauma-aware approach that explores the complex, nuanced, and deeply personal relationship between your identity and your money. With chapters exploring topics such as finding safe spaces, personal values, relationship dynamics, family systems, and culture, it's clear this is not your typical finance book. Readers will engage with how their upbringing, sense of self, trauma, and mental health impact their decisions and begin a journey to change their relationship with money. This book is for the woman facing sexism at her local bank, the neurodivergent person struggling with impulse spending, the young adult questioning societal expectations, the 2SLGBTQIA couple searching for a place to rent, all the people that don't fit into the mold that traditional finance advice is aimed at. Filled with interviews from a diverse
