Teaching 6-12 Math Intervention Juliana Tapper, 2024-12-30 This practical resource offers a classroom tested framework for secondary math teachers to support students who struggle Teachers will explore an often overlooked piece of the math achievement puzzle the gatekeeping cycles of mathematics and the importance of teachers own expectations of students The immediately applicable strategies in this book developed through the author s work as a math intervention teacher intervention specialist and instructional coach will give teachers the tools to help students overcome math anxiety retention struggles and even apathy Beginning with a deep dive into the gatekeeping cycles to help teachers better understand their students who struggle the book then walks teachers through the five part B R E A K it™ Math Intervention Framework Build Community Routines to Boost Confidence Engage Every Student Advance Your Expectations Know Students Level of Understanding Educational research personal anecdotes from the author s own classroom and examples from case study teachers are woven into each chapter leading to clear action items planning strategies and best practices that are accessible enough to accommodate all grade levels and schedules The framework and activities in this book enable teachers to help students overcome math anxiety create a safe math environment for 6 12 students and ultimately increase achievement with effective research based suggestions for working with students who struggle Find additional resources at www.gatebreakerbook.com

The Power of Middle School Keen J. Babbage, 2012-09-14 The middle school years are a maze of academic duties human growth and self development discovering self identity and increasing social interaction with other people This maze can be an adventure of achievement and opportunity or it can be a struggle of difficulty and disappointment As these experiences are the impetus or foundation for many later achievements in academics careers and personal life it is imperative that educators maximize these formative years by helping middle school students successfully travel through this maze despite its ups and downs its twists and turns and its new challenges to master and the old issues to resolve For instance educators must support students who have fallen behind so as to thwart their reduced likelihood of turnaround in high school Likewise educators must challenge exceptional students in order to perpetuate their enthusiasm for learning and prepare them for college studies By discussing the comprehensive roles and duties of school administrators counselors and teachers *The Power of Middle School* addresses how to maximize middle school curriculum and extra curricular activities for the academic personal and professional benefits of all students
