Bacevich,2018-11-15 Andrew Bacevich is a leading American public intellectual writing in the fields of culture and politics with particular attention to war and America's role in the world Twilight of the American Century is a collection of his selected essays written since 9/11 In these essays Bacevich critically examines the U.S. response to the events of September 2001 as they have played out in the years since radically affecting the way Americans see themselves and their nation's place in the world Bacevich is the author of nearly a dozen books and contributes to a wide variety of publications including Foreign Affairs The Nation Commonweal Harper's and the London Review of Books His op eds have appeared in the New York Times Washington Post and the Wall Street Journal among other newspapers Prior to becoming an academic he was a professional soldier His experience as an Army officer informs his abiding concern regarding the misuse of American military power and the shortcomings of the U.S. military system As a historian he has tried to see the past differently thereby making it usable to the present Bacevich combines the perspective of a scholar with the background of a practitioner His views defy neat categorization as either liberal or conservative He belongs to no school His voice and his views are distinctive provocative and refreshing Those with a focus on political and cultural developments and who have a critical interest in America's role in the world will be keenly interested in this book *El gran sueño de China. Tecno-Socialismo y capitalismo de estado* Claudio F. González,2021-03-25 China tiene un plan una combinación de contrato social para proveer de seguridad económica y física a los ciudadanos con un mandato celestial para volver a ser el país más relevante del mundo Un plan que utiliza la tecnología para el desarrollo industrial para dotar de confianza a la sociedad y para ofrecer a los ciudadanos soluciones con una mezcla inseparable de conveniencia y control Su mensaje de fondo nos hace preguntarnos es que no queremos convertirnos en mejores ciudadanos disfrutar de un entorno más seguro vivir en un mundo feliz Nos asusta y mucho que una autocracia demuestre ser mejor que nuestras democracias y nuestro respeto por la sociedad civil y los derechos humanos Sin embargo la creciente presencia de China deber a servir para que mejoremos y avancemos Precisamente esta monografía intenta explicar desde dentro desde China este nuevo plan el tecno socialismo combinado con el capitalismo de estado El análisis se pretende lo más objetivo posible cuando uno se halla inmerso en un país y una cultura apasionantes donde la tradición y la modernidad se cruzan a cada instante en contradicciones manifiestas y cuando existe igualmente una compleja lucha de narrativas las que explican las

ventajas de su sistema y su buena voluntad global y las que aseguran que China es un peligro internacional y ha desatado la carrera armamentística de las nuevas tecnologías La realidad es bastante más compleja con objetivos sociales y políticos muy alejados de los que estamos habituados De hecho esta es la mayor contribución de la China actual al país su sistema y sus experimentos están en algún lugar de un futuro posible y deberían servir de punto de referencia para una reflexión sobre el triángulo tecnológico economía y sociedad que conduzca a un verdadero beneficio para todos

Studies in Gangs and Cartels Robert J. Bunker, 2017-07-05 Concerns over the changing nature of gangs and cartels and their relationships to states in the late 20th and early 21st centuries has resulted in the emergence of a scholarly body of work focused on their national security threat potentials This body of work utilizing the third generation gangs and third phase cartel typologies represents an alternative to traditional gang and organized crime research and one that is increasingly influencing the US defense community Rather than being viewed only as misguided youth and opportunistic criminals or in their mature forms as criminal organizations with no broader social or political agendas more evolved gangs and cartels are instead seen as developing political mercenary and state challenging capacities This evolutionary process has emerged due to the growing illicit economy and other unintended consequences of globalization This important anthology of writings by Robert J Bunker and John P Sullivan draws upon a collection of their works from the mid 1990s to the present with the addition of new essays written specifically for this publication The work will be of great interest to academics and students in the fields of political science and criminal justice and to military law enforcement and governmental professionals and policy makers This book is a collection of new and previously published works from a variety of publications a full list of which is on the Citation Information page

Social Media, Freedom of Speech, and the Future of Our Democracy Lee C. Bollinger, Geoffrey R. Stone, 2022 A broad explanation of the various dimensions of the problem of bad speech on the internet within the American context One of the most fiercely debated issues of this era is what to do about bad speech hate speech disinformation and propaganda campaigns and incitement of violence on the internet and in particular speech on social media platforms such as Facebook and Twitter In *Social Media Freedom of Speech and the Future of our Democracy* Lee C Bollinger and Geoffrey R Stone have gathered an eminent cast of contributors including Hillary Clinton Amy Klobuchar Sheldon Whitehouse Mark

Warner Newt Minow Tim Wu Cass Sunstein Jack Balkin Emily Bazelon and others to explore the various dimensions of this problem in the American context They stress how difficult it is to develop remedies given that some of these forms of bad speech are ordinarily protected by the First Amendment Bollinger and Stone argue that it is important to remember that the last time we encountered major new communications technology television and radio we established a federal agency to provide oversight and to issue regulations to protect and promote the public interest Featuring a variety of perspectives from some of America s leading experts on this hotly contested issue this volume offers new insights for the future of free speech in the social media era

Democracy Hacked Martin Moore, 2018-09-27 Technology has fractured democracy and now there s no going back All around the world the fringes have stormed the palace of the elites and unleashed data miners dark ads and bots on an unwitting public After years of soundbites about connecting people the social media giants are only just beginning to admit to the scale of the problem We stand on the precipice of an era where switching your mobile platform will have more impact on your life than switching your government Where freedom and privacy are seen as incompatible with social well being and transparency Where your attention is sold to the highest bidder Our laws don t cover what is happening and our politicians don t understand it But if we don t fight to change the system now we may not get another chance

The Power of Information Networks Lei Guo, Maxwell McCombs, 2015-12-07 The news media have significant influence on the formation of public opinion Called the agenda setting role of the media this influence occurs at three levels Focusing public attention on a select few issues or other topics at any moment is level one Emphasizing specific attributes of those issues or topics is level two The Power of Information Networks The Third Level of Agenda Setting introduces the newest perspective on this influence While levels one and two are concerned with the salience of discrete individual elements the third level offers a more comprehensive and nuanced perspective to explain media effects in this evolving media landscape the ability of the news media to determine how the public associates the various elements in these media messages to create an integrated picture of public affairs This is the first book to detail the theoretical foundations methodological approaches and international empirical evidence for this new perspective Cutting edge communication analytics such as network analysis Big Data and data visualization techniques are used to examine these third level effects Diverse applications of the theory are documented in political communication public relations health communication and social media research The Power of Information Networks will interest scholars students and practitioners concerned with the media and their social and cultural effects
