Deploying iPads in the Classroom Guy Hart-Davis, 2017-11-07 Master the skills

and knowledge to plan and execute a deployment of iPads that will suit your school and your classroom This book helps you evaluate your various options for deploying iPads from configuring the tablets manually through using Apple Configurator for imaging tablets to subscribing to the heavy duty Apple School Manager web service and then shows you how to put your chosen approach into practice Step by step instructions and practical examples walk you through the key questions you need to answer to get the most from your IT investment and then show you how to turn your decisions into deeds The iPad is a wonderful device for helping students to study more comfortably and learn more quickly Apple s popular tablet enables you to put in each student s hands a full power computer that enables her to access resources both on the school s network and on the Internet communicate via email instant messaging and video chat and create digital content that she can submit

effortlessly to your online marking system Students love using the iPad perhaps even more than teachers do What You ll Learn Plan your iPad deployment and choose the right iPad models accessories and apps Image configure and deploy iPads in your classroom Review tips tricks and techniques for managing iPads and keeping your digital classroom running smoothly Who This Book Is For Teachers and IT administrators at schools or colleges and administrators and organizers in other bodies that need to deploy iPads en masse to conference attendees or hotel visitors Digital Forensic Science Vassil Roussev,2022-05-31 Digital forensic science or digital forensics is the application of scientific tools and methods to identify collect and analyze digital data artifacts in support of legal proceedings From a more technical perspective it is the process of reconstructing the relevant sequence of events that have led to the currently observable state of a target IT system or digital artifacts Over the last three decades the importance of digital evidence has grown in lockstep with the fast societal adoption of information technology which has resulted in the continuous accumulation of data at an exponential rate Simultaneously there has been a rapid growth in network connectivity and the complexity of IT systems leading to more complex behavior that needs to be investigated The goal of this book is to provide a systematic technical overview of digital forensic techniques primarily from the point of view of computer science This allows us to put the field in the broader perspective of a host of related areas and gain better insight into the computational challenges facing forensics as well as draw inspiration for addressing them This is needed as some of the challenges faced by digital forensics such as cloud computing require qualitatively different approaches the sheer volume of data to be examined also requires new means of processing it *Selling Your Startup* Alejandro Cremades,2021-07-27 Learn how to sell your startup from an acquisition expert Many entrepreneurs dream of the day their company is acquired and they secure a perfect exit But information about the process of getting your business acquired usually comes from expensive investment bankers who typically advise late stage startups In *Selling Your Startup* serial entrepreneur Alejandro Cremades delivers an accessible guide on how to sell your startup With first hand experience as a fully exited entrepreneur investment banker and lawyer Cremades describes the tips and tricks startup founders need to sell their early stage to growth stage business In this book you ll discover The role that investment bankers play in the acquisition process how they add value and how to break down their fees Preparing your company for sale including compiling a pitch book putting its finances in order and building a target list of potential acquirers How to get to a Letter of Intent perform due diligence and reach a purchase agreement Perfect for entrepreneurs of all kinds *Selling Your Startup* is a must have roadmap to the practical realities of company acquisition and contains proven guidance on crafting your perfect exit **Genealogy for Beginners** Katherine Pennavaria,2020-02-27 A step by step guide to researching your family tree Interested in doing your family tree but don t know how *Genealogy for Beginners* covers everything you need to get started researching your family history or continue a project you ve already started You ll get practical suggestions from an experienced genealogist and detailed step by step instructions for carrying out a quality family

history research Topics covered include Getting started with a family history research project Discovering which subscription services are worth the price Using Ancestry.com effectively Finding obituaries Interviewing family members Preserving and organizing paper and digital files plus photographs Getting the most out of DNA testing for genealogy Conducting cemetery research Finding and interpreting non US records Doing cultural and ethnic heritage research Finding professional researchers and translators Keeping up with the genealogy news With this book in hand you're sure to succeed Genealogy Katherine Pennavaria, 2015-04-08

Commercial ads for the largest subscription database indicate that the process of genealogy is simple you just plug in what you know and the database does the rest Those ads might sell subscriptions but they are misleading Getting beyond that low hanging fruit is not so easy collecting the records and data needed to delineate a family tree accurately requires time organization and informed searching Records are available from many places and finding them is never a one stop shopping experience So how does the new researcher identify which resources meet his or her specific research needs And how can libraries and librarians best help this new generation of genealogists Genealogy A Practical Guide for Librarians offers help on several levels First librarians can use this book to learn what resources both print and online their library should offer their patron base This means not only what monographs to purchase and subscription databases to maintain but what websites to highlight at the library's webpage what to include in their online tutorials what adult education programming is appropriate Critical assessments of print and online resources are given including the strengths and weaknesses that librarians need to help patrons understand them Second both librarians and researchers can find here an in depth discussion of the research process itself including the best steps for a beginning researcher and search strategies for the experienced one And third anyone can use this book to become better informed about the phenomenon of genealogy itself and about the latest standards for online searching and research The book includes practical advice for every public service librarian and offers all researchers from novice level to experienced a clearly delineated context for the popular subject of family history research

How to Thrive in the Gig Economy Ahmed Musa, 2024-12-24 The gig economy is transforming the way people work offering unprecedented flexibility and opportunity But succeeding in this new world requires a unique set of skills and strategies This book explores the evolving nature of gig work from freelancing and contracting to building a portfolio career Learn how to cultivate a personal brand market your services effectively and secure consistent income streams while navigating the uncertainties of self employment

Nexus 7 Erik Marcus, 2012-08-15 This isn't one of those daunting computer manuals that you'll read three pages of and then give up on It's an engaging little book that you'll tear through in an evening and by the time you finish you'll have a great understanding of all the ways your Nexus 7 can improve your life Noted author Erik Marcus who started his career as a technical writer took on this project because a tablet with the mass appeal of the Nexus 7 deserves a book that's fun to read Marcus never shies away from telling you what he really thinks and he'll let you know where your Nexus 7 shines where it stumbles and how to wield your tablet like a pro
